I request Academic Amnesty for the following Semester: \_\_\_\_\_

**Only returning students can apply for Academic Amnesty. Application must be made following the posting of grades in the term for which Amnesty is sought, but no later than the 90<sup>th</sup> calendar day of the subsequent Fall or Spring semester of enrollment.**

**PROCEDURE:**

1. Discuss your desire to apply for amnesty with your academic advisor and the Financial Aid Office.
2. Return the completed application form to the Vice President for Student Service's Office.
3. You will receive written notification of the Institution's decision.

**PLEASE NOTE:**

1. Academic Amnesty will affect previously granted financial aid. Some loans and grants may have to be repaid.
2. All courses taken during the semester of Amnesty are affected including those courses which were successfully completed. They will appear on your transcript with a notation that you were granted Academic Amnesty and that appropriately marked grades are no longer part of the cumulative grade point average, and will not help satisfy EWC graduation requirements.
3. Amnesty can be granted only once and is irrevocable.

I hereby certify that I have discussed this with the Financial Aid Office and that I understand the conditions and possible repercussions of Academic Amnesty.
