EXECUTIVE SUMMARY

The Fall 2012 headcount decreased 1.6% and the FTE increased 0.7% compared to Fall 2011. Full-time headcount was up 10 students and part-time headcount was down 41 students resulting in a total decrease of 31 students. The number of students who attended EWC for the first time in Fall 2012 was up 25 full-time students and down 58 part-time students. The number of students who had attended EWC anytime prior to Fall 2012 was down 15 full-time students and up 17 part-time students. Goshen County was down 26 full-time and down 50 part-time students, and Outreach increased by 36 full-time and 9 part-time students. Goshen County FTE decreased by 43.00 FTE, and Outreach increased by 52.67 FTE. Outreach accounted for 45.4% of the FTE.

Credit course offerings are provided as regular courses in both Goshen County and the 12 outreach sites. In addition, concurrent enrollment in the high schools, and distance learning courses are also offered. Outreach had 59.6% of its 606.42 FTE from concurrent enrollment courses. Goshen County courses generated 728.83 FTE of which 5.6% were from concurrent enrollment courses, 3.6% from evening courses, and 20.0% from distance education courses.

One of the challenges in scheduling courses is determining the time and delivery method that will best serve the largest number of students and accommodate the needs of non-traditional and site bound students. Some of the on-campus day students do enroll in distance learning and/or evening courses. The 111 distance education courses served 201 students living in EWC's outreach areas and 186 students living in Goshen County for a total of 387 students. However, 149 (80.1%) of the 186 students in Goshen County were also enrolled in regular on-campus day courses. Similarly, the 14 on-campus credit evening courses served a total of 155 students with 140 (90.3%) of the students also enrolled in regular on-campus day courses.

Developmental courses are offered for those students who do not have college level skills in reading, writing, and mathematics. Developmental courses enrolled 277 students which accounted for 7.64% of the FTE. Of the 277 students enrolled in developmental courses, 195 (70.4%) of those students are seeking an associate degree or certificate.

The total Fall 2012 headcount was 1,934 students. Of those students, 1,155 (59.7%) were non-degree seeking. The programs with the largest enrollments were Interdisciplinary Studies, Welding & Joining Technology, Veterinary Technology, Education Cluster, and Computer Applications. Eastern Wyoming College provides numerous non-credit and workforce development offerings. EWC's non-credit enrollment was 1,487 students compared to 1,636 students in Fall 2011. EWC's workforce development efforts provided 66 credit courses totaling 155.00 FTE and 34 non-credit courses meeting for a total of 263.50 contact hours to provide further educational opportunities for individuals in or preparing to enter the workforce.

The Fall 2012 on-campus, full-time students came from 24 states and two foreign countries. Most of the students came from five states: Wyoming, Nebraska, Colorado, South Dakota, and Montana. Within Wyoming, the full-time, on-campus students came from 20 counties, with the majority coming from Goshen, Laramie, and Platte. The gender distribution for all credit students reflects 43% male and 57% female. The ethnicity distribution was 89.3% white non-Hispanic, 6.1% Hispanic, 0.7% unknown ethnicity and race, and 3.9% all others. The average age of students enrolled in credit courses was 26.78 with a 21.68 average for full-time students and a 29.68 average for part-time students.

FALL 2012 ENROLLMENT SUMMARY

EWC experienced a 1.6% decrease in total student headcount as compared to Fall 2011. The total student headcount of 1,934 students reflects an overall decrease of 31 students. Total full-time enrollment is 45 students above the five-year average and total part-time enrollment is 111 students above the five-year average for a total of 155 students above the five-year average.
