EXECUTIVE SUMMARY

The Spring 2010 headcount increased 0.4% and the FTE increased 3.3%. Full-time headcount was up 23 students and part-time headcount was down 17 students resulting in a total increase of 6 students. The number of students who attended EWC for the first time in Spring 2010 was up 13 full-time students and down 17 part-time students. The number of students who had attended EWC anytime prior to Spring 2010 was up 10 full-time students. Goshen County was up 15 full-time and down 46 part-time students, and outreach increased by 8 full-time students and increased by 29 part-time students. Goshen County FTE increased by 6.75 FTE, and outreach increased by 28.25 FTE. Outreach accounted for 38.2% and Goshen County accounted for 61.8% of the FTE.

Credit course offerings are provided as regular courses in both Goshen County and the 12 outreach sites. In addition, concurrent enrollment in the high schools, and distance learning courses are also offered. Goshen County courses generated 673.83 FTE of which 3.71% were from concurrent enrollment courses, 5.94% from evening courses, and 20.44% from distance education courses. Concurrent enrollment courses generated 30.15% of the 416.58 FTE from Outreach.

One of the challenges in scheduling courses is determining the time and delivery method that will best serve the largest number of students and accommodate the needs of non-traditional and site bound students. For a variety of reasons some of the on-campus day students enrolled in distance learning and/or evening courses. The 58 distance education courses served 178 students living in EWC's outreach areas and 207 students living in Goshen County for a total of 385 students. However, 195 (94.20%) of the 207 students in Goshen County were also enrolled in regular on-campus day courses. Similarly, the 20 on-campus credit evening courses served a total of 153 students with 93 (60.78%) of the students also enrolled in regular on-campus day courses.

Developmental courses are offered for those students who do not have college level skills in reading, writing, and mathematics. There were 135 students enrolled in developmental courses,

which accounted for 8.42% of the FTE. Of the 135 students enrolled in developmental courses, 113 of those students are seeking an associate degree or certificate.

The total Spring 2010 headcount was 1,603 students. Of those students, 901 (56.21%) were non-degree seeking. High School students account for 415 (46.06%) students of the 901 non-degree seeking students. The programs with the largest enrollments were Interdisciplinary Studies, Welding & Joining Technology, Pre-Nursing, and Veterinary Technology.

Eastern Wyoming College provides numerous non-credit and workforce development offerings. EWC's non-credit enrollment was 2,216 students compared to 1,771 students in Spring 2009. EWC's workforce development efforts provided 65 credit courses totaling 181.34 FTE and 75 non-credit courses meeting for a total of 673.50 contact hours to provide further educational opportunities for individuals in or preparing to enter the workforce.

The Spring 2010 on-campus, full-time students came from 25 states and three foreign countries. Most of the students came from five states: Wyoming, Nebraska, Colorado, South Dakota, and Montana. Within Wyoming, the full-time, on-campus students came from 19 counties, with the majority coming from Goshen, Laramie and Platte. The gender distribution for all credit students was 42% male and 58% female. The ethnicity distribution was 68% white non-Hispanic, 3% Hispanic, 26% Unknown and 3% all others. The average age of students enrolled in credit courses was 28.69 with a 24.01 average for full-time students and a 31.28 average for part-time students.

EWC FINAL ENROLLMENT SPRING 2010

EWC experienced a 0.4% increase in total student headcount as compared to Spring 2009. The total student headcount of 1603 students reflects an overall increase of 6 students. Total full-time enrollment is 34 students above Spring 2009 and total part-time enrollment is down 18 students from Spring 2009. Spring 2010 enrollment is 108.8 students above the five-year average.

Community Education by Location

WORKFORCE DEVELOPMENT

Workforce development activities are defined as *any training and/or educational related service leading to the acquisition of skills necessary to perform the duties of a particular job for those individuals in or preparing to enter the workforce*. Only those courses organized or coordinated by EWC's workforce development efforts are included in the following table by career cluster as defined by the National Association of State Directors of Career and Technical Education Consortium.

Credit Courses

Compared to Spring 2009 EWC's workforce development offerings for college credit increased by 17 course sections. The duplicated student headcount increased by 95 (11.50%) students, and the FTE increased by 18.17 (11.14%) FTE.

Career Clusters	Year											
	Spring 2008				Spring 2009				Spring 2010			
	Sections	Students	Credit Hours	FTE	Sections	Students	Credit Hours	FTE	Sections	Students	Credit Hours	FTE
