FEATURED

VAST is a multidisciplinary collection of videos that touches on the curriculum needs of virtually every department. With thousands of thousands of titles available now and 400 new titles per month, this collection is unmatched in its breadth. VAST allows students and researchers alike to analyze unique and valuable content from over 500 producers and distributors around the world.

Veterinary Education in Video

Veterinary Education in Video is carefully cultivated to deliver high-caliber content relevant to veterinarians, vet techs, assistants, and other team members, and features demonstrations from many of the field's most respected experts. All content in the collection comes from content partners approved by the Registry of Approved Continuing Education (RACE), an accreditation that demonstrates a dedication to high standards of quality and accuracy.

Species included in the videos: canine, feline, equine, bovine, parrots and snakes etc.

Films on Demand

Films On Demand is a state-of-the-art streaming video platform that makes it easier than ever to incorporate outstanding educational video content into your curriculum by providing easy integration with learning management systems, online lesson plans, distance learning courseware, or electronic card catalog systems.

"Great works are performed not by strength but by perseverance."

- Samuel Johnson
