Accio resources!

The library launched a new discovery tool during the summer. We have upgraded our single search to [Summon](#).

Summon has better functionality and is more user friendly than our previous product. This tool is also used by the University of Wyoming. By using Summon our students will be able to search multiple library databases at once and find relevant resources for their projects.

For assistance using Summon or a class demonstration please contact the library.

[CINAHL](#)

CINAHL Plus® with Full Text is a robust collection of full text for nursing & allied health journals, providing full text for more than 770 journals indexed in *CINAHL®*. This authoritative file contains full text for many of the most used journals in the *CINAHL* index, with no embargo. *CINAHL Plus with Full Text* is the core research tool for all areas of nursing and allied health literature. Full text coverage dates back to 1937.

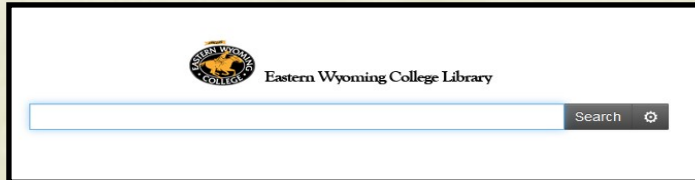

[Statista](#)

Statista integrates data on over 80,000 topics from over 18,000 sources onto a single professional platform. Categorized into 21 market sectors, Statista provides companies, business customers, research institutions, and the academic community with direct access to quantitative data on media, business, finance, politics, and a wide variety of other areas of interest or markets.

[Resources for College Libraries](#)

The premier list of core print and electronic resources for academic libraries, featuring over 85,000 titles in 117 subjects. RCL covers the entire two-year and four-year college curriculum and provides a list of core titles that are essential for undergraduate study. RCL is a time saving collection development tool.

"A library, to modify the famous metaphor of Socrates, should be the delivery room for the birth of ideas—a place where history comes to life."—Norman Cousins
