Intake Essay

Your Interest Profile suggested several careers that may be of interest to you, or perhaps you've already decided on a career to pursue. Discuss the career that most interests you, using information from your career research worksheet. Include the following in your essay:

1) Why did you choose this career? Why is it a good choice for you?
2) What skills will you need to already have or develop in order to be successful at this career?
3) What kind of education and training will you need to pursue?
4) How will it benefit you financially? What is the salary? Will the career be stable and allow for advancement?
5) In what ways will it be personally fulfilling to you?
