

Dear EWC Personnel Advisory Committee, Ed Meyer,

I would like to thank you for selecting me as a recipient of the EWC Leadership Scholarship for the Spring 2017 semester. Your continued support is greatly appreciated in helping me continue my education. I was excited to receive the letter informing me that I had received this scholarship, it means a lot. This scholarship is helping me in not having to take out a student loan to pay for my college education. I am working toward my Associate of Arts degree in Elementary Education. With goals of finishing in the next year. I am considering universities to finish my degree once I receive my Associate of Arts degree. The EWC Leadership Scholarship is helping me achieve these goals by going towards extra expenses such as books and class fees. It is nice to have donors like you, who are willing to help students in furthering their education.

Thank you,

A handwritten signature in black ink that reads "Kaycee Roth". The signature is written in a cursive style with a large, looping 'K' and 'R'.
