

Dear EWC Personnel Advisory Committee,

My name is Marissa Meyer. I am the Eastern Wyoming College student that was chosen to be the recipient of the EWC Employee-Sponsored Scholarship that you kindly funded. I am very grateful to have received this scholarship. Currently, the majority of my expenses and fees for this spring semester have been taken care of, so I intend to save it and use for my next fall semester which will be at the University of Wyoming.

Since I do not live in Torrington and am not living in the dorms on campus, I commute to EWC for my final semester, bad weather not outstanding in the winter. I drive from Wheatland to the campus three days a week to attend my on-site classes. When I transfer to UW, I intend to live in one of the apartment complexes that the university manages.

As for my educational goals, I plan on getting my associates in EWC's Interdisciplinary Studies degree, which is essentially a general degree. During my time at EWC I have been inducted into Phi Theta Kappa, a community college specific honorary group, and have made the President's Honor Roll for three semesters. Upon my degree completion and graduation this spring, I will be transferring the University of Wyoming's College of Business. At UW, I currently plan to major in Business Management to obtain my bachelor's degree.

Thank you for sponsoring this scholarship that I have received.

Sincerely,

A handwritten signature in cursive script that reads "Marissa Meyer".

Marissa Meyer
