

Dear EWC Personnel Advisory Committee,

I am grateful to receive the EWC Employee-Sponsored Scholarship. I am going to pursue a degree in Speech Pathology and minor in business. I am going to go to Eastern Wyoming College for two years and then transfer to the University of Wyoming to finish my Master's in Speech Pathology. After I receive my Master's, I am going to start work at an elementary school, and then possibly work in a hospital later on. This scholarship will help me achieve these goals because going to school for six years will add up, and taking out a loan isn't something that I prefer to do. When I found out that I was receiving this scholarship I was excited that I was recognized, and it will help with the expenses this school year.

Sincerely,

  
Kaylynn Jefferson
