STUDENT EDUCATIONAL EXPENSE ACTIVITY

This activity is meant to help you budget your money to ensure you are not getting into unnecessary loan debt. The Cost of Attendance (COA or budget) for Financial Aid purposes is an *estimate* of the student's overall expenses for a period of enrollment. It comprises direct costs, like tuition and fees that are charged to a student's account, and indirect costs such as transportation or personal expenses. Indirect costs included in a student's budget are *only estimates* of what expenses a student *might* face during a year of enrollment (cost to rent an apartment, buy groceries, travel to and from campus), and vary widely based on an individual's personal expenses. To view the break-down of direct/indirect costs for each budget, please review the Tuition & Fees page on our website.

INSTRUCTIONS: Identify the Cost of Attendance Budget in Table 1 that most closely matches your rate, living situation, and enrollment. Once you have selected the budget, please list your financial aid and any income you have to contribute to your educational expenses in Table 2. Finally, in Table 3 you will subtract your total aid from your budget to estimate how much loan you need to cover your expenses.
