

# Library Tidbits

## FEATURED

### What's new @ your library?

March is Women's History Month...come check out our resources. The theme this year is "Nevertheless, She Persisted: Honoring Women Who Fight All Forms of Discrimination Against Women."

We are also celebrating agriculture. We have a timeline of ag-

ricultural events dating from 9500 BCE to 1972. Did you know that in 1894 Kellogg's launched the dry cereal industry? Stop by the library bulletin board to read more interesting facts.

What is it? The library has a variety of seeds organized alphabetically by type and variety. We also have a planting guide.

How it works: Take 2-3 seeds for every plant you intend to grow. We have provided little envelopes and a pen to identify what seeds you selected. There is no expectation to replenish seeds at the end of the growing season.

We would love to show you how it works.

### It's here... our new collection.

The library has added a new collection available to our patrons. Come check out the EWC Library Seed Collection. That's right we have a seed library!

## NEWS
