

Programs of Instruction

Catalog Under Which a Student may Graduate

The catalog in use at the time a student first enrolls and completes credit classes offered through Eastern Wyoming College determines the degree or certificate requirements for graduation. However, returning students who have a two-semester break, not including the Summer term, must meet the requirements of the catalog in use at the time of readmission.

Students changing their program of study from their initial enrollment are expected to fulfill graduation requirements under the catalog in effect at the time they begin classes for that program.

If courses originally required in the old catalog no longer exist, the College reserves the right to substitute one course for another in any program or degree. Refresher classes may be required for some skill courses.

Second Associate Degree from EWC

1. Students who wish to do so may earn more than one degree at Eastern Wyoming College if the areas of concentration are different.
2. Students must consult an advisor when planning a degree. The advisor must approve the planned program of study for the additional degree.
3. Students must complete the degree requirements listed in the current year's catalog for the second degree.
4. A student may receive as many different degrees at graduation as he or she has earned at that point.
5. A maximum of 52 semester hours of credit from the first degree may be applied toward the second degree.
6. For each degree earned, a student must satisfy a 15-hour residency requirement.
7. Please review the Financial Aid Academic Progress Policy regarding second degrees.

Expected Outcomes for EWC Graduates

Eastern Wyoming College expects that its graduates will have an educational foundation that prepares them for a complex and rapidly changing world. The curriculum offered will allow the development of general education competencies

necessary for participation in society as well as the development specialized knowledge necessary within a given discipline. Every EWC graduate will have demonstrated competencies in these general education areas:

- 1. Communication:**
Graduates will be able to engage in the communication process effectively and responsibly through listening, speaking, and writing.
- 2. Quantitative:**
Graduates will be able to solve problems through critical thinking involving analytical and quantitative reasoning.
- 3. Constitution:**
Graduates will demonstrate knowledge of the U.S. Constitution.
Graduates will demonstrate knowledge of the Wyoming Constitution.
- 4. Lab Science:**
Graduates will demonstrate proficiency in the fundamental principles of the sciences, including the application of the scientific method to investigate the natural world.
- 5. Arts and Humanities:**
Graduates will exhibit awareness of the complexity of the human experience through the study of the arts and humanities.
- 6. Social and Cultural Awareness:**
Graduates will demonstrate understanding of the relationship between the individual and the world.

Programs of Instruction

General Education Requirements

General Transfer

The specific courses that fulfill each of the general transfer categories for the **Associate of Arts** and **Associate of Science Degree** are listed below. Courses that are permitted for the **Associate of Applied Science Degree** are also included and indicated with an asterisk. The process of assigning courses in each category is continually being updated. A class may only fulfill one requirement in the following General Education Categories. Students should contact their advisors for updated listings.

Category/Courses	Course Title	Hours
------------------	--------------	-------

Foundations

ENGL 1010	English I: Composition	3
*TECH 1005	Applied Technical Writing	3

*Permitted for AAS Programs only

Communication 2

BADM 1020	Business Communications	3
CO/M 2010	Public Speaking	3
ENGL 2020	Introduction to Literature	3

Mathematics (Quantitative)

*BADM 1005	Business Mathematics	3

*Permitted for AAS Programs only

Programs of Instruction

A. Associate of Arts Degree

The Associate of Arts Degree will be awarded students in transfer programs who complete the following requirements:

1. Completion of the program requirements in which the student is enrolled.
2. Completion of a minimum of 60 semester hours in courses numbered 1000 or above with a cumulative grade point average of 2.00 or better.
3. No more than six hours in courses numbered 1490, 1990, 2490, or 2990 will apply toward the degree. In addition, no course offered under the Developmental Studies Department may be applied toward the degree.
4. Completion of at least 15 semester hours applicable towards graduation from Eastern Wyoming College.
5. Completion of the appropriate reading course or an appropriate score on the reading exam. See ACCUPLACER and ACT/SAT Course Placement Guide on pages 14-15.
6. Completion of the college-wide exit assessment and the outcomes assessment requirements specific to the major.
7. File graduation application with the Student Services Office. The application is due at the beginning of the semester in which the student expects to graduate.
8. Students who have an incomplete and plan to graduate have one semester or the Summer session (whichever comes first) in which to finish the incomplete. If they do not finish the incomplete, the graduation date moves to the semester in which they finish the incomplete. A new graduation application must be submitted to the Student Services Office.
9. A grade of either "S" or "C" or better must be received in each course used to satisfy the general transfer requirements below. A grade of "S" may be earned through institutional challenge, CLEP, or advanced placement examinations.
10. All students are required to meet the constitutional requirement by taking one of the following: HIST 1211 U.S. to 1865, HIST 1221 U.S. from 1865, HIST 1251 History of Wyoming, POLS 1000 American & Wyoming Government.

The process of assigning specific courses that fulfill each of the general transfer categories listed below is continually being updated. Students are advised to contact their advisors for updated listings to ensure meeting the appropriate requirements for graduation or transfer.

Minimum Hours Required	General Transfer Categories
1	Freshman Foundations
3	Communication 1
3	Communication 2
3	Mathematics (Quantitative)
4	Lab Science
3	Arts & Humanities
3	Social & Cultural Awareness
3	Constitutional Requirements

Programs of Instruction

C. Associate of Applied Science Degree

The Associate of Applied Science Degree will be awarded students in technical programs who complete the following requirements:

1. Completion of the curriculum requirements and approved electives for the program in which the student is enrolled.
2. Completion of at least 15 semester hours applicable towards graduation from Eastern Wyoming College.
3. Completion of a minimum of 60 semester hours with a cumulative grade point average of 2.00 or better.
4. Students must complete all program requirements, including electives, with a grade of "C" or better.
5. Completion of the appropriate reading course or an appropriate score on the reading exam. See ACCUPLACER and ACT/SAT Course Placement Guide on pages 14-15.
6. File graduation application with the Student Services Office. The application is due at the beginning of the semester in which the student expects to graduate.
7. Students who have an incomplete and plan to graduate have one semester or the Summer session (whichever comes first) in which to finish the incomplete. If they do not finish the incomplete, the graduation date moves to the semester in which they finish the incomplete. A new graduation application must be submitted to the Student Services Office.
8. A grade of either "S" or "C" or better must be received in any course used to satisfy the general education requirements. A grade of "S" may be earned through institutional challenge, CLEP, or advanced placement examinations.
9. Completion of the college-wide exit assessment and the outcomes assessment requirements specific to the major.
10. All students are required to meet the constitutional requirement by taking one of the following: HIST 1211 U.S. to 1865, HIST 1221 U.S. from 1865, HIST 1251 History of Wyoming, POLS 1000 American & Wyoming Government, POLS 1050 Basics in United States and Wyoming Government.

Minimum Hours Required	General Transfer Categories
------------------------	-----------------------------

1	Freshman Foundations
3	Communications 1
3	Mathematics (Quantitative)
2-3	*Constitutional Requirements
5-6	From within the following categories: Social & Cultural Awareness Arts & Humanities Lab Science Physical Education Activity

15 hours

*Students must take POLS 1000, HIST 1211, HIST 1221, HIST 1251, or POLS 1050. Students should consult with their advisors concerning transferability.

D. Certificate

Certificates will be awarded to students in certificate programs who complete the following requirements:

1. Completion of the curriculum requirements specified for the respective programs, with a cumulative grade point average of 2.00 or better.
2. Completion of the appropriate reading course or an appropriate score on the reading exam. See ACCUPLACER and ACT/SAT Course Placement Guide on pages 14-15.
3. File graduation application with the Student Services Office. The application is due at the beginning of the semester in which the student expects to graduate.
4. Students who have an incomplete and plan to graduate have one semester or the Summer session (whichever comes first) in which to finish the incomplete. If they do not finish the incomplete, the graduation date moves to the semester in which they finish the incomplete. A new certificate application must be submitted to the Student Services Office.
5. Completion of the outcomes assessment appropriate to the program.

Programs of Instruction

E. Distance Learning

Every student within the EWC service area has the opportunity to take college credit courses and earn a degree or certificate through distance education. EWC is approved by The Higher Learning Commission to offer the following complete degree or certificate programs via distance.

- Interdisciplinary Studies AA degree and AS degree
- Criminal Justice AA degree
- Business Administration AAS degree
- Child Development Certificate
- Corrections Certificate
- Early Childhood Education AA degree
- Elementary Education AA degree

Classes are offered via Internet, using both synchronous and asynchronous interaction. A three year rotation schedule of distance classes ensures that all program requirements are offered for the above degrees. Eastern Wyoming College offers courses in many core areas including general education, business, computer applications, criminal justice, education, social sciences, and human development.

Support services available to help students include technology support, student advising, library, bookstore, counseling, financial aid, tutoring, online registration, and online grade reports.

Students interested in taking distance classes should consider:

- How comfortable are you with using technology such as computers, e-mail, and the Internet?
- Are you a self-directed, self-motivated, and self-disciplined student? It is important to stick to a schedule with distance courses.
- Are you comfortable with forms of interaction such as chat rooms, text messaging, e-mail, or telephone calls?
- Do you have the time commitment to devote to a distance course? Distance courses require as much or more of your time than traditional classes.

- Are you willing to be an active participant and an advocate for your own education? Then distance learning may be for you!

For questions, please call the Instructional Technology Office at either (307) 534.2912 or 877.392.4678 (877.EWC.INST) menu item 3 or check the web at ewc.wy.edu/distance.

Veteran education benefits may be adjusted when student enrolls in only distance education courses.

PROGRAMS OF INSTRUCTION

The following are suggested programs of instruction available at Eastern Wyoming College. Each program lists the degree offered; the various options, if any, within the program; the criteria for the degree; and program requirements.

Program electives are designated by asterisks (*) and are generally listed immediately following suggested programs of instruction. In recognition that all student goals are not met with a single academic plan, the student, with his/her advisor's sign-off approval, may include substitute courses for those indicated by an asterisk. Students will be responsible to confer with their advisors in planning their schedules.

The suggested courses to fulfill the general education requirements are incorporated into each program of study. Students should consult with their advisors to ensure that all general education requirements are satisfied.

Programs of Instruction

ACCOUNTING (AS) 60 Credits

The suggested accounting/business administrative program allows the student to earn an Associate of Science Degree while completing the first two years of college work toward a bachelor's degree. Those majoring in accounting, marketing, management, finance or other specific areas of business generally take the same courses during the first two years.

Students must complete all program requirements, including approved electives, with a grade of "C" or better.

AGRICULTURE BUSINESS AND SCIENCES (AS) 60 Credits

This degree will prepare students who plan to transfer to a four-year college or university. The courses have been designed to transfer to the University of Wyoming College of Agriculture. Other colleges or universities may have other requirements and students should work with their EWC advisors to plan for other college requirements. This degree presents the students with six options: a General Agriculture option for those that are not sure in what specific area in agriculture they would like to major, a Business option, a Communications option, an Agroecology/Agronomy option, an Animal Science option, and an Equine Science option.

Students must complete all program requirements, including approved electives, with a grade of "C" or better.

General Agriculture Option

This option is for students who are not sure what area they would like to specialize in and would like basic training in a number of agricultural subjects. It is recommended for training for professions which involve a broad knowledge of agriculture—operators and managers of general farms, county agricultural agents, agricultural writers, and many other types of commercial agricultural positions. Encouraged are electives with the following prefixes: AGECE, AGRI, AGTK, ANSC, CROP, ELTR, EQST, MCHT, REWM, and WELD.

AGEC 2395	Ag Capstone Project	2
Total		15

Business Option

This option is designed to provide advanced training for individuals with a desire to broaden their scope of career opportunities with marketing firms, agricultural supply installations, equipment and fertilizer companies, and other businesses serving agriculture. Encouraged are electives with the following prefixes: AGECE, ANSC, CROP, and REWM.

Students must complete all program requirements, including approved electives, with a grade of "C" or better.

Communications Option

This option is designed for students that want to work in Ag communications. This could include TV or radio broadcasting, writing for newspapers or magazines, and public relations for Ag organizations such as Farm Bureau, NCBA or others. Encouraged are electives with the following prefixes: AGECE, CO/M, and ENGL.

Students must complete all program requirements, including approved electives, with a grade of "C" or better.

Programs of Instruction

Agroecology/Agronomy Option

This option is designed for students that are interested in further study dealing with crops and agronomy. Career opportunities include equipment and fertilizer companies, seed and chemical companies, and other companies dealing with the crop areas of agriculture. Encouraged are electives with the following prefixes: AGECE, AGRI, ANSC, CROP, ENTO, MOLB, and REWM.

Students must complete all program requirements, including approved electives, with a grade of "C" or better.

Programs of Instruction

Equine Science Option

This option is for students that want to work in the equine industry such as equine trainers, farriers, equine boarding, and equestrian instruction.

Students must complete all program requirements, including approved electives, with a grade of "C" or better.

AGRICULTURE - PRECISION AGRICULTURE (AAS) 62-64 Credits

Students successfully completing this program will gain the skills required for entry-level employment in precision agriculture. This would include jobs in the service industry related to agriculture equipment sales and services, crop scouting, fertilizer and chemical application, variable rate irrigation, soils, digital data, and remote sensing. Any other employment utilizing this technology such as NRCS projects, range management and land reclamation would benefit from this degree. This is a rapidly growing and quickly changing area of agriculture with great job potential. This is a stackable program with the Precision Agriculture One-Year Certificate.

Students must complete all program requirements, including approved electives, with a grade of "C" or better.

Programs of Instruction

AGRICULTURE - PRECISION AGRICULTURE (CERT 1 YR) 31 Credits

This program will enable students to develop the knowledge and skills needed to successfully incorporate precision agriculture into a business operation. With successful completion of this certificate, students can obtain their own FAA UAV pilot's license. This is a stackable program with the two-year Precision Agriculture AAS degree.

Students must complete all program requirements, including approved electives, with a grade of "C" or better.

AGRICULTURE-BEEF PRODUCTION (CERT 1 YR) 32 CREDITS

The Beef Production Certificate program is an intensive curriculum designed to train the student for an entry level management position in the Production Livestock Industry. The program emphasizes hands-on learning through labs and practicum experience. New technologies used include: computer-assisted ration formulation and record keeping, ultrasound equipment, software for cowherd management and farm management, and GPS.

Students must complete all program requirements, including approved electives, with a grade of "C" or better.

AGRICULTURE-RANGELAND ECOLOGY AND WATERSHED MANAGEMENT (AS) 61 CREDITS

Rangeland is a fundamental, renewable natural resource. Throughout the western U.S., it offers a wide-range of opportunities for the multiple uses of livestock and wildlife grazing, recreation, water production and natural beauty. The rangeland ecology and watershed management curriculum is designed for students wishing to study ecology, utilization and management of rangelands and wildlife watersheds, and related resources including forestry, recreation, wildlife management, soil science, botany and zoology. The curriculum is designed so that students can transfer to four-year institutions and prepare for careers in natural resource management as Range Conservationists, Soil Conservationists, and Range or Forest Hydrologists.

Students must complete all program requirements, including approved electives, with a grade of "C" or better.

Programs of Instruction

ART (AA) 61 Credits

The Associate of Arts in Art provides freshman and sophomore level courses required by most colleges for a Bachelor of Arts or a Bachelor of Fine Arts degree in the visual arts. This program is ideal for students interested in a career in the fine or applied arts. The outcomes assessment requirement for this program will be an exhibition of art completed during the student's time in the program. This exhibition must be accompanied by an Artist's Statement, a written explanation of the work on display.

Students must complete all program requirements, including approved electives, with a grade of "C" or better.

Programs of Instruction

BUSINESS EDUCATION (AS) 63-64 Credits

This program offers many of the education courses required for business education majors as well as office and computer skills necessary for employment in a business office. The program is designed for the student wishing to transfer after two years to complete a teaching degree in business education at a four-year institution. Education programs vary greatly at four-year institutions, so students should consult the catalog of the college or university of their choice for information on the specific requirements of that institution.

Notice of background check: All education students are subject to background checks for selected educational coursework involving student contact and future employment as professionals in education and related fields. Student financial aid may be used to cover the cost.

Students planning to transfer to the University of Wyoming should take EDFD 2450 Lifespan Human Development.

Students must complete all program requirements, including approved electives, with a grade of "C" or better.

COMMUNICATION (AA) 60-61 Credits

Because there are so many possible majors within the field of communications, individual programs of study should be tailored to the student's specific interest and to the requirements of the college or university to which the student plans to transfer. General programs that are available for concentration include Interpersonal Communication, Public Address, and Speech Pathology. Students who plan to become teachers should also consult the program for Secondary Education. While this is not a degree in journalism, students wishing to major in journalism should consult transfer programs and advisors for appropriate additional courses. The program shown below is particularly appropriate for liberal arts students planning to transfer to the University of Wyoming.

Students must complete all program requirements, including approved electives, with a grade of "C" or better.

COMPUTER APPLICATIONS (CERT LESS THAN 1 YR) 12 Credits

This program will enable a student to meet the entry level requirements for jobs that require computer software uses. It will provide a solid background in current software uses and a foundation to learn new software programs. It will provide a solid foundation for beginning employment skills in computer software related employment.

Students must complete all program requirements, including approved electives, with a grade of "C" or better.

CRIMINAL JUSTICE (AA) 62-63 Credits

This program introduces students to the criminal justice system through instruction in its theoretical and legal frameworks. It incorporates elements of various fields within criminal justice in order to provide students a strong foundation of coursework as well as practical skills necessary to enter the workforce. Coursework includes introductory criminal justice courses central to the field and specialized electives allowing students opportunity to pursue a specific focus. Students should work closely with their advisor to select electives best suited to fulfill their transfer/career needs.

Program Note: Those considering a career in a criminal justice field should be aware of strict admissions criteria employed by state standards and criminal justice agencies. Factors that may disqualify candidates for employment in the profession include conviction of a crime, history of drug abuse, psychological problems, and various physical conditions. Certain classes in the Eastern Wyoming College criminal justice programs may also be restricted to individuals for the same reasons. Please consult with a department faculty advisor if you have any concerns in this area.

Students must complete all program requirements, including approved electives, with a grade of "C" or better.

ECONOMICS (AS) 60 Credits

The suggested program in Economics allows the student to earn an Associate of Science Degree while completing the first two years of college work toward a bachelor's degree. Economics is the study of how scarce resources are allocated in our economy and in the global economy. Students will learn how profits in business can be optimized, and how informed decisions and predictions in business can be reasonably made. Economics can develop valuable skills for survival and success in today's world.

Students must complete all program requirements, including approved electives, with a grade of "C" or better.

EDUCATION - ELEMENTARY (AA) 60 Credits

The Associate of Arts Degree in Education includes freshman and sophomore level courses. Education programs vary greatly at four-year institutions, so the student should consult the catalog of the college or university of his/her choice for information on specific program requirements.

Eastern Wyoming College maintains articulation agreements with several regional four-year institutions. Students should consult and work closely with their academic advisor to ensure successful transfer with these institutions. While transfer institutions are similar in most instances, each institution has unique degree requirements that only academic advisors may be aware of. It is in the student's best interest to work with an advisor who can help facilitate the transfer process.

Notice of background check: All education students are subject to background checks for selected educational coursework involving student contact and future employment as professionals in education and related fields. Student financial aid may be used to cover the cost.

Students must complete all program requirements, including approved electives, with a grade of "C" or better.

EDUCATION - EARLY CHILDHOOD (AA) 60-61 Credits

The Early Childhood Education Associate of Arts degree is a four-semester program designed to prepare students for employment as teachers or aides in early childhood programs, preschools, and Head Start programs. Students will gain background in child development as well as planning and administering early childhood educational programs. The courses will combine lecture activities with observation and participation activities in early childhood settings. The associate's degree will allow students to enter the workforce or further their education as early childhood professionals.

Notice of background check: All education students are subject to background checks for selected educational coursework involving student contact and future employment as professionals in education and related fields. Student financial aid may be used to cover the cost.

Students must complete all program requirements, including approved electives, with a grade of "C" or better.

EDUCATION - EARLY CHILDHOOD DISTANCE LEARNING (AA) 60-61 Credits

The Early Childhood Education Associate of Arts degree is a four-semester program designed to prepare students for employment as teachers or aides in early childhood programs, preschools, and Head Start programs. Students will gain background in child development as well as planning and administering early childhood educational programs. The courses will combine lecture activities with observation and participation activities in early childhood settings. The associate's degree will allow students to enter the workforce or further their education as early childhood professionals.

Notice of background check: All education students are subject to background checks for selected educational coursework involving student contact and future employment as professionals in education and related fields. Student financial aid may be used to cover the cost.

Students must complete all program requirements, including approved electives, with a grade of "C" or better.

PSYC 1000 General Psychology	3
SOC 1000 Sociological Principles	3

EDUCATION - SECONDARY (AA) 60 Credits

The Associate of Arts degree in Secondary Education includes freshman and sophomore level courses required for most students majoring in secondary education. The program provides students with the knowledge and skills necessary to become a teacher while earning transfer credit in the chosen content area (Science, Math, History, Social Studies, Agriculture, English, etc.).

Eastern Wyoming College maintains articulation agreements with several regional four-year institutions. Students should consult and work closely with their academic advisor to ensure successful transfer with these institutions. While transfer institutions are similar in most instances, each institution has unique degree requirements that only academic advisors may be aware of. It is in the student's best interest to work with an advisor who can help facilitate the transfer process.

Notice of background check: All education students are subject to background checks for selected educational coursework involving student contact and future employment as professionals in education and related fields. Student financial aid may be used to cover the cost.

Students must complete all program requirements, including approved electives, with a grade of "C" or better.

EDUCATION-SECONDARY (AA) Agriculture Option

The agriculture education curriculum provides the student with a good preparation for transferring to a bachelor completion program at a four-year institution. It is designed for those students interested in teaching in high schools, technical schools, and community colleges. This program emphasizes animal science and general agricultural courses. Education programs vary greatly at four-year institutions so the student should consult the catalog of the college or university of his/her choice for information on specific program requirements.

Notice of background check: All education students are subject to background checks for selected educational coursework involving student contact and future employment as professionals in education and related fields. Student financial aid may be used to cover the cost.

Students must complete all program requirements, including approved electives, with a grade of "C" or better.

EDUCATION - CHILD DEVELOPMENT (CERT 1 YR) 24 Credits

This program will enable students to meet the entry-level requirements for employment in an early childhood care and education setting. Students will gain basic knowledge of child development and acquire the fundamental skills necessary to effectively educate and care for young children. In addition to entry-level competencies, this program will also serve as partial completion for Elementary Education majors seeking a minor in Early Childhood Education, or an endorsement.

The certificate provides professional training through a combination of coursework and applied experiences working with children. Students will begin working on their professional portfolio as a requirement of the Child Development course.

Additionally, students seeking Child Development Associate (CDA) completion should note that FCSC 2121, EDEC 1100 & 1105, and EDEC 1300 & 1305 include a combined total of 90 hours of early childhood classroom experience as partial fulfillment to meet the CDA credential. The Child Development Associate credential is recognized nationally for entry-level employment into the childcare profession. Elementary Education majors completing all 12 hours of required courses with a grade of "C" or better, and at least one elective course will receive transfer credit at the University of Wyoming toward a minor in Early Childhood Education. Students transferring to another four-year institution should consult with

Programs of Instruction

their academic advisor regarding transferability of the certificate/courses.

Notice of background check: All education students are subject to background checks for selected educational coursework involving student contact and future employment as professionals in education and related fields. Student financial aid may be used to cover the cost.

Students must complete all program requirements, including approved electives, with a grade of “C” or better.

MATHEMATICS (AS) 63 Credits

It is impossible to overemphasize the value of mathematics as a tool in other fields, notably engineering, physical science, and statistics. Recent developments in the biological, behavioral, and social sciences have drawn attention to the power of mathematics in these fields also. Along with the teaching of mathematics and research into pure mathematics, students majoring in mathematics also have many other options open to them. The courses listed below provide a strong background for specialization during the student's junior and senior years.

Students must complete all program requirements, including approved electives, with a grade of "C" or better.

MATHEMATICS SECONDARY EDUCATION (AA) 60-61 Credits

Intended to prepare students to teach mathematics at the secondary level. Coursework will include the basic foundations of mathematics as well as theory and research related to learning of mathematics, with attention to significant human mental development factors.

Eastern Wyoming College maintains articulation agreements with several regional four-year institutions. Students should consult and work closely with their academic advisor to ensure successful transfer with these institutions. While transfer institutions are similar in most instances, each institution has unique degree requirements that only academic advisors may be aware of. It is in the student's best interest to work with an advisor who can help facilitate the transfer process.

Notice of background check: All education students are subject to background checks for selected educational coursework involving student contact and future employment as professionals in education and related fields. Student financial aid may be used to cover the cost.

Students planning to transfer to the University of Wyoming should take EDFD 2450 Lifespan Human Development.

Students must complete all program requirements, including approved electives, with a grade of "C" or better.

Take any course at the 1000 or above level with the following prefixes: ACCT, AGECE, AGRI, AGTK, AECL, AMST, ANSC, ANTH, ART, BIOL, BADM, CHEM, CO/M, ECON, EDEC, EDEL, EDFD, ELTR, ENTK, ENGL, EQST, FCSC, FREN, GEOG, GEOL, GERM, HLED, HIST, JOUR, MCHT, MGT, MKT, MATH, MOLB, MUSC, PHIL, PEAC, PEAT, PEPR, PHYS, POLS, PSYC, REWM, RELI, RNEW, SAFE, SOC, SOSOC, SOWK, SOIL, SPAN, STAT, THEA, WELD, WMST, and ZOO.

NURSING ASSOCIATE DEGREE IN NURSING (ADN) 69 Credits ACEN Accredited

The Nursing program prepares the graduate to function as a Registered Nurse in providing care to clients with complex health care needs. Upon successful completion of this program, students are eligible to take the National Council Licensure Examination for Registered Nurses (NCLEX-RN) in any state. This program may require travel to surrounding communities. It is recommended that students contact the college regarding the program requirements. Students must complete all program requirements, including approved prerequisites with a grade of "C" or better and meet the minimum cumulative GPA of 2.5. Admission into the Day Cohort at the Douglas Campus occurs every two years on the EVEN years. (Admission: Fall 2020, 2022, 2024) Admission into the Night Cohort at the Douglas and Torrington campuses occurs every two years on the ODD years (Admission: Fall 2019, 2021, 2023).

Please note that this program has strict admittance requirements. Please visit <https://ewc.wy.edu/learning-and-outreach/nursing/>. For more information contact the EWC Director of Nursing at 307.624.7000.

Program Note: Those considering a career in the Nursing field should be aware of strict admission criteria by state standards and clinical agencies. Factors that may disqualify candidates for employment in the profession include conviction of a crime, history of drug abuse, psychological problems, and various physical conditions. Certain classes in the Eastern Wyoming College Nursing Program may also be restricted to individuals for the same reasons. Please consult with the Nursing Director if you have any concerns in this area.

This program is intended to articulate with the BSN program at the University of Wyoming. Please work closely with an advisor if you intend to pursue a bachelor's degree at the University of Wyoming.

Program prerequisites include the following courses which count toward the total program credits:

Course		Credit
BIOL 1010	General Biology I	4
ENGL 1010	English I: Composition	3

PHYSICAL EDUCATION, HEALTH AND RECREATION (AA) 60-61 Credits

The physical education department has three principal functions: 1) provide general physical activity and recreation activity classes to fulfill degree requirements for graduation, 2) prepare teachers for professional physical education, and 3) conduct the college intramural program for all students. A minimum of 100 noncredit contact hours with youth age 16 and under in each of the freshman and sophomore years will be required prior to matriculation at most four-year institutions.

Notice of background check: All education students are subject to background checks for selected educational coursework involving student contact and future employment as professionals in education and related fields. Student financial aid may be used to cover the cost.

Students planning to transfer to the University of Wyoming should take PSYC 2300 Developmental Psychology and EDFD 2451 Lifespan Human Development.

Students must complete all program requirements, including approved electives, with a grade of "C" or better.

PREPROFESSIONAL VETERINARY MEDICINE (AS) 64 Credits

Veterinary medicine focuses on maintaining the health and welfare of animals and people. Veterinarians diagnose and control animal diseases, treat sick and injured animals, prevent the transmission of animal diseases to people, and advise owners on the proper care of animals. Students who follow this preparatory track will be well prepared for admission into veterinary science and medicine programs nationwide.

Students should plan their science/math elective choices to the requirements of their selected transfer institution.

Students must complete all program requirements, including approved electives, with a grade of "C" or better.

SOCIAL SCIENCE (AA) 60 Credits

A major in Social Science offers a broad based degree that can lead to a variety of careers in government, law, education, business, social or counseling work, or international relations. The Social Science program at Eastern Wyoming College is designed to provide the student with core knowledge in such areas as History, Political Science, Psychology and Sociology.

Program Notes:

Students interested in pursuing a degree in Psychology or Sociology at a transfer institution are advised to take at least 12 hours of either Psychology or Sociology and the following:
CO/M 2010 Public Speaking
2 Lab Science Electives
or 1 Lab Science and STAT 2050 or STAT 2070

Students interested in pursuing a degree in History at a transfer institution are advised to take at least 12 hours of History including some of the following electives: HIST 1110, HIST 1120, HIST 1211, HIST 1221, HIST 1290, HIST 2290, ECON 1010, ECON 1020, GEOG 1000 and STAT 2050 or STAT 2070.

Students interested in pursuing a degree in Political Science at a transfer institution are advised to take at least 12 hours of Political Science and History electives and STAT 2050 or STAT 2070.

Students must complete all program requirements, including approved electives, with a grade of "C" or better.

STATISTICS (AS) 60 Credits

The curriculum in statistics includes a firm foundation in mathematics and computer science, in addition to coursework in statistical theory and methodology. The nature of statistical work is to design and analyze research projects through the application of the principles of mathematics, computer science, and statistics. The student who wishes to make valid inferences from empirical data will find the field of statistics fascinating and rewarding.

Students must complete all program requirements, including approved electives, with a grade of "C" or better.

VETERINARY TECHNOLOGY (AAS) 74-76 Credits

Veterinary Technology comprises an aggregate of techniques and skills required in the practice of Veterinary Medicine. Professional veterinary technicians work under the direction of a licensed veterinarian. They do not diagnose, prognose, prescribe treatments or perform surgical operations. Technicians work in veterinary practices, both general and specialized, biomedical research, zoo/wildlife medicine, industry, military, livestock health management, livestock reproduction facilities along with many other employment options. The primary objectives of the program are to provide students with the knowledge and skill required to succeed in the veterinary industry and to pass examinations that may be required for licensing in certain states.

Program admission requirements:

ACT: Math ≥ 21 , English ≥ 18 and Reading ≥ 21
Or
Health Occupation Assessment Exam (HOAE):
Arithmetic >40 , Reading Comprehension >40 and Vocational Adjustment Index >40
Or
Completion of all first semester VTAD certificate courses with a grade of "C" or better and placement into VTTK 1751.

This program includes a required criminal background check and completion of a pre-exposure rabies vaccination series. 400 hours of observation and clinical experience at approved clinics are required.

Students are responsible for the animal care of housed animals. Documentation of such responsibility is contained in the Animal Care (VTTK 1501, 1502, 2501, and 2502) non-credit classes as required by the AVMA accreditation.

Students must complete all program requirements, including approved electives, with a grade of "C" or better.

VETERINARY AIDE (CERT 1 YR) 30 Credits

This program prepares students to assist veterinarians, veterinary technicians, laboratory animal technicians, and/or research scientists in supportive roles. Veterinary aides work under the direction of a licensed veterinarian or research scientist; they do not diagnose, prognose, prescribe, or perform surgery. The primary job responsibilities of veterinary aides include feeding/watering animals; cleaning and disinfecting treatment areas, animal housing areas, and surgery areas; patient restraint; collecting and processing samples for laboratory diagnostics; sterilizing surgical equipment; patient preparation for surgery; routine office procedures; and inventory control. This certificate program prepares students for employment in veterinary clinics, hospitals, research institutions, or laboratories as veterinary aides or to continue their education in pursuit of an Associate of Applied Science degree in Veterinary Technology, as most credits from the certificate program will transfer directly into the Veterinary Technology program. The certificate program includes a core of courses, 60 hours of observation and clinical experience at an approved clinic or clinics, and is designed to be completed in two semesters.

Students are responsible for the animal care of housed animals. Documentation of such responsibility is contained in the Animal Care (VTTK 1501, 1502, 2501, and 2502) non-credit classes as required by the AVMA accreditation.

Students must complete all program requirements, including approved electives, with a grade of "C" or better.

Programs of Instruction

WELDING AND JOINING TECHNOLOGY (AAS) 60 Credits

Welders are skilled people who like to work with their hands. A welder can find work almost anywhere from the smallest shop down the street to the largest industrial complex in our major cities. All hard goods manufactured make extensive use of welding in building cars, trucks, buses, trains, ships, aircraft, space vehicles, farm implements, and jewelry.

A graduate welder is capable of welding ferrous and nonferrous metals in all positions and can operate shears, drills, and power tools. A welder is competent in layout, cutting, and forming metals and determining electrodes and filler metal to be used. They must know how to work from blueprints and written procedures and know welding symbols. The welding program at Eastern Wyoming College is centered in the Career and Technical Education Building and is set up as close to industry as is possible. Each student is assigned a welding machine, table, and positioner. Discussion of safety rules, regulations, and safe use of equipment are included in the curriculum.

The objectives of the program are to enable the student to meet entry-level requirements for employment, build a basis for further study, and for lifelong learning in the metal working trades. Students will study both the theory and practice of shielded metal arc welding, oxyacetylene welding, gas tungsten arc welding, gas metal arc welding, and flux cored arc welding. Technical aspects of the above processes are taught with emphasis on plate and pipe welding of mild steel, stainless steel, and aluminum. Flat, horizontal, vertical, and overhead positions are covered in each area. The theory and practice of mechanical and manual cutting with oxyacetylene and air carbon arc cutting and gouging, joint design, preparation and layout of plate and pipe are also included in the program.

Students will be required to qualify in each of the processes listed above. Specimens completed will be examined and tested in the testing lab using one or more of the following test methods: dye penetrant, macro etch, guided bend, and tensile test. All testing will be done in accordance with the American Welding Society Structural Welding Code D1.1; The American Society of Mechanical Engineers, Section IX of Boiler and Pressure Vessel Code; and The American Petroleum Institute Standard for Welding Pipelines. Eastern Wyoming College is an AWS Accredited Test Center.

Students must complete all program requirements, including approved electives, with a grade of "C" or better.

FRESHMAN YEAR

Fall Semester		Credit
WELD 1700	General Welding	3
WELD 1755	Shielded Metal Arc Welding	5
WELD 1773	GMAW	2
WELD 2670	Welding Inspection	3
	Freshman Foundations	1
Total		14

Spring Semester		Credit
ENTK 2501	Intro to Computer Aided Drafting I	1
or ENTK 1510	Drafting I	
MCHT 1500	General Machine Shop	2
WELD 1650	Print Reading: Welding Symbols	3
WELD 1760	Advanced Shielded Metal Arc Welding	4
WELD 1772	FCAW	2
WELD 2680	Welding Metallurgy	3
Total		15

SOPHOMORE YEAR

Fall Semester		Credit
MATH 1515	Applied Technical Mathematics	3
POLS 1050	Basics in U.S. & Wyoming Government	2
WELD 1780	GTAW-Plate	3
WELD 2500	Structural Welding Communication 1	5
		3
Total		16

Spring Semester		Credit
MCHT 1610	Machine Tool Technology I	2
WELD 2510	Pipe Welding I	4
WELD 2520	Pipe Welding II	5
WELD 2645	SMAW and GTAW	2
WELD 2790	Semiautomatic Pipe Welding	2
	Outcomes Assessment: National Competency Exam (Included in WELD 2520)	
Total		15

Programs of Instruction

WELDING AND JOINING TECHNOLOGY (CERT 1 YR) 30 Credits

This program will enable the student to meet entry-level requirements as a welder in limited plate thickness in accordance to American Welding Society standards.

Students must complete all program requirements, including approved electives, with a grade of "C" or better.

FRESHMAN YEAR

Fall Semester		Credit
WELD 1700	General Welding	3
WELD 1755	Shielded Metal Arc Welding	5
WELD 1773	GMAW	2
WELD 2670	Welding Inspection	3
	Freshman Foundations	1
	*Approved Elective	1
Total		15

Spring Semester		Credit
ENTK 2501	Intro to Computer Aided Drafting I	1
or ENTK 1510	Drafting I	
MCHT 1500	General Machine Shop	2
WELD 1650	Print Reading: Welding Symbols	3
WELD 1760	Advanced Shielded Metal Arc Welding	4
WELD 1772	FCAW	2
WELD 2680	Welding Metallurgy	3
	Outcomes Assessment: National Competency Exam (Included in WELD 2680)	
Total		15

***Approved Electives:** Any course at the 1000 or above level with the following prefixes: ENTK, MCHT, or WELD.

For more information about this certificate program, links to occupational information, estimated program cost, normal time for program completion, median debt at program completion (if available), please visit EWC's website at: <http://ewc.wy.edu/future-students/financial-aid/career/>.

WELDING-MACHINE TOOL TECHNOLOGY (CERT 1 YR) 30-32 Credits

This program will enable the student to meet entry-level requirements for employment as a maintenance machinist.

Students must complete all program requirements, including approved electives, with a grade of "C" or better.

FRESHMAN YEAR

Fall Semester		Credit
ENTK 2501	Intro to Computer Aided Drafting I	1
MCHT 1500	General Machine Shop	2
MCHT 1610	Machine Tool Technology I	2
TECH 1005	Applied Technical Writing	3
WELD 1700	General Welding	3
	Constitutional Requirements 2-3	
	Freshman Foundations	1
	*Approved Electives	1
Total		15-16

Spring Semester		Credit
ENTK 2506	Intro to Computer Aided Drafting II	1
MATH 1515	Applied Technical Mathematics	3
MCHT 1620	Machine Tool Technology II	3
WELD 1650	Print Reading: Welding Symbols	3
	*Approved Electives	5-6
	Outcomes Assessment: Exam (Included in MCHT 1620)	
Total		15-16

***Approved Electives:** Any course at the 1000 or above level with the following prefixes: AGTK, ELTR, ENTR, HLED, or WELD.

For more information about this certificate program, links to occupational information, estimated program cost, normal time for program completion, median debt at program completion (if available), please visit EWC's website at: <http://ewc.wy.edu/future-students/financial-aid/career/>.

Programs of Instruction

WELDING – SPECIALIST (CERT 1 YR) 30 Credits

Students completing this certificate will be able to specialize in an area they want depending on their interests. If the student wants to do metal sculptures they can take art electives. If they want to teach ag, they can take education courses. If they want to run a welding business they would take business or accounting courses.

Students must complete all program requirements, including approved electives, with a grade of “C” or better.

FRESHMAN YEAR

Fall Semester		Credit
WELD 2500	Structural Welding	5
	*Approved Electives	10
	Total	15

Spring Semester		Credit
WELD 1780	GTAW – Plate	3
WELD 2510	Pipe Welding I	4
WELD 2520	Pipe Welding II	5
	*Approved Electives	3
	Outcomes Assessment:	
	Exam (Included in WELD 2520)	
	Total	15

***Approved Electives:** Any course at the 1000 or above level.

For more information about this certificate program, links to occupation information, estimated program cost, normal time for program completion, median debt at program completion (if available), please visit EWC’s website at: <http://ewc.wy.edu/future-students/financial-aid/career/>.

WELDING-PLATE (CERT LESS THAN 1 YR) 12 Credits

The program will enable a student to meet entry level requirements for employment as a plate welder and build a basis for further study and lifelong learning in the metal working trades.

Students must complete all program requirements, including approved electives, with a grade of “C” or better.

FRESHMAN YEAR

Fall Semester		Credit
WELD 1650	Print Reading: Welding Symbols	3
WELD 1755	Shielded Metal Arc Welding	5
WELD 1772	FCAW	2
WELD 1773	GMAW	2
	Outcomes Assessment:	
HMDV 2411	Assessment Requirement	0
	Total	12

Federal Financial Aid is not available for this certificate program.

WILDLIFE AND FISHERIES BIOLOGY MANAGEMENT (AS) 61 Credits

The basic curriculum will give students a liberal education and serve as a broad foundation upon which they can build for positions in various state and federal agencies which are concerned with the utilization, investigation, and administration of the nation’s wildlife resources.

Students must complete all program requirements, including approved electives, with a grade of “C” or better.

FRESHMAN YEAR

Fall Semester		Credit
BIOL 1010	General Biology I	4
CHEM 1020	General Chemistry I	4
ENGL 1010	English I: Composition	3
MATH 1400	Pre-Calculus Algebra	4
	Freshman Foundations	1
	Total	16

Programs of Instruction

Spring Semester		Credit
BIOL 2020	General Biology II	4
CHEM 2300	Introductory Organic Chemistry	4
CO/M 2010	Public Speaking	3
MATH 1405	Pre-Calculus Trigonometry	3
Total		14

SOPHOMORE YEAR

Fall Semester		Credit
COSC 1200	Computer Information Systems	3
MATH 2200	Calculus I	4
PHYS 1110	General Physics I	4
ZOO 2450	Principles of Fish and Wildlife Management	3
	Physical Education Activity	1
Total		15

Spring Semester		Credit
REWM 2000	Principles of Range Management	3
STAT 2050	Fundamentals of Statistics	4
	Arts & Humanities	3
	Constitutional Requirements	3
	Social & Cultural Awareness	3
	Outcomes Assessment:	
HMDV 2411	Assessment Requirement	0
Total		16
