A photograph of an oil drilling rig silhouetted against a vibrant sunset sky with orange and red clouds. The rig is the central focus, with its derrick and various structures visible. In the background, there are dark silhouettes of mountains and some industrial buildings with lights.

Explore the possibilities...through STEM

Wyoming students interested in pursuing a STEM major with an emphasis in the energy industry at the University of Wyoming, any Wyoming community college or the Colorado School of Mines may be eligible for a \$5,000 scholarship.

At BPX Energy, we're investing in the next generation of energy industry professionals by helping students pursue STEM-related degrees.
