EASTERN WYOMING COLLEGE
DOUGLAS HIGH SCHOOL • GLENROCK Jr/Sr HIGH SCHOOL

Our state believes in its young people and proves it by offering qualified high school students a chance to take college classes for FREE. Concurrent and Dual Enrollment classes are offered through Eastern Wyoming College. These classes count for both high school and college credit. Concurrent Enrollment courses are taught by EWC approved high school teachers at Douglas High School and Glenrock High School. Dual Enrollment courses are college courses taught by EWC and are taught at Douglas High School and Glenrock High School. Students will benefit from these college classes for high school students in many ways:

- Students get a chance to try out college classes and earn credits toward a two year or four year degree or career/technical certificate.
- If students apply themselves, they could earn a degree or certificate by the time they graduate from high school.
- Students will discover this program is a two-for-one deal: classes count for both high school graduation and college credit.
- Students will be challenged through rigorous college classes while getting a running start at college.
- If a student is a senior, they will avoid “senioritis” by taking relevant classes and starting a college degree or certificate program.
- Students will save money when they go to college because they will not have to stay as long or pay for as many classes. And, the Hathaway Scholarship dollars will stretch further.

Students can enroll in classes at Hulett High School, Moorcroft High School and Sundance High School if they are eligible and have met course requirements. For more information, students need to contact the EWC Coordinator or high school counselor. Parents and students can also contact Roger Humphrey at Eastern Wyoming College – Torrington for more information (307.532.8346).
