STUDENT EDUCATIONAL EXPENSE ACTIVITY

This activity is meant to help you budget your money to ensure you are not getting into unnecessary loan debt. The Cost of Attendance (COA or budget) for Financial Aid purposes is an *estimate* of the student's overall expenses for a period of enrollment. It comprises direct costs, like tuition and fees that are charged to a student's account, and indirect costs such as transportation or personal expenses. Indirect costs included in a student's budget are *only estimates* of what expenses a student *might* face during a year of enrollment (e.g., cost to rent an apartment, buy groceries, travel to and from campus), and vary widely based on an individual's personal expenses. To view the break-down of direct/indirect costs for each budget, please review the *Tuition & Fees* page on our website.

INSTRUCTIONS: Identify the Cost of Attendance Budget in Table 1 that most closely matches your rate, living situation, and enrollment. Once you have selected the budget, please list your financial aid and any income you have to contribute to your educational expenses in Table 2. Finally, in Table 3 you will subtract your total aid from your budget to estimate how much loan you need to cover your expenses.

Please indicate **how much loan you would like to borrow**. Unless otherwise indicated, all loans will be processed for the full 21-2022 academic year (this does *not* include the summer semesters). Annual loan maximums are as follows:

Freshman = \$3,500; **Sophomore** = \$4,500. *May be subsidized/unsubsidized or a combination of both, depending on eligibility.*
Students *MAY* qualify for additional unsubsidized loan amounts, but must submit an *Additional Loan Request Form*

Please note: in addition to annual loan limits, there are aggregate limits to all direct student loans. Students are also limited to receiving subsidized loans for a period not to exceed 150% of the length of the borrower's educational program.

- **I wish to borrow a total of: \$** _____
(Can indicate MAX to receive maximum amount if you are unsure of eligibility)
- **Work-Study opportunities are considered more beneficial to students than taking out student loans.** If you are not currently in a Work-Study position, but choose to accept a position at a later date, the Financial Aid Office may need to reallocate a portion of or all of a loan towards a Work-Study position, depending on the amount. You will be notified if your loans need adjusted so you can make the decision on how to handle them and make the necessary arrangements to cover any outstanding balance that may result from any reallocation. Work-Study is considered "self-help" aid and does not require you to pay it back like loans do.
- **Please note: Unsubsidized loans start accruing interest from the day they are disbursed.** The Financial Aid Office utilizes subsidized loan eligibility when possible; however, if you are only eligible for unsubsidized Loans, OR if the amount you are requesting requires a combination of subsidized and unsubsidized loan eligibility, Financial Aid will process the request accordingly. If you wish to reject all unsubsidized loan eligibility and only use subsidized loan eligibility, please contact Financial Aid. Please note that this request may result in a reject of all or part of your original loan request (depending on your eligibility).
