### **Bidding Procedures**

Competitive bidding and comparative quotations may not be necessary when direct negotiations may best serve the needs of the College. The College may elect direct negotiations and enter into an open contract when deemed appropriate and at its discretion, and such contract shall not exceed three years. When such proposed purchasing is being recommended and the amount is \$30,000 or more, the purchase shall be made only after specific Board approval.

When the amount is less than \$30,000, purchases must have written approval of the Vice President for Administrative Services or President. In regard to both types of purchases, the election of direct negotiations must be made prior to bids being solicited.

When bids are solicited, solicitations shall be based on written specifications.

The College reserves the right to reject any or all bids or to waive any irregularities and informalities in the bidding process. Items for which bids must be obtained shall be described in the published call for bids by stating general requirements, and making detailed specifications available to prospective bidders at the college Business Office.

The Vice President for Administrative Services has the discretionary authority to approve expenditures that are less than \$1,000. If the expenditure exceeds this limit, additional procedures must be followed:

- a. **Purchases over \$1,000, but less than \$10,000**  
A single purchase involving the expenditure of more than \$1,000, but less than \$10,000 shall be made after the Vice President for Administrative Services or appointed representative has

requested three oral or written bids. If fewer than three bids are received, the purchase may be made without bids, but at the best obtainable price and best serves the needs of the College. In certain cases, the College may decide to advertise.

**b. Purchases \$10,000 or greater, but less than \$30,000**

A single purchase involving the expenditure of more than \$10,000, but less than \$30,000 shall be made after the Vice President for Administrative Services or appointed representative has requested three written bids. If fewer than three bids are received, the purchase may be made without bids, but at the best obtainable price and best serves the needs of the College. In certain cases, the College may decide to advertise.

**c. Purchases \$30,000 or greater**

Single purchases equal to or exceeding \$30,000 shall be made only after a call for competitive bids.

No contract shall be divided for the purpose of avoiding these provisions.

A "Request for Bids" advertisement shall be authorized by the Vice President for Administrative Services or appointed representative before publication. The advertisement shall be published at least one time in a newspaper of general circulation in the district. The date, time, and the location for the public opening of sealed bids shall be specified in the advertisement. The date of the bid opening shall be set to fall no sooner than five working days following the date of last publication.

Following the time specified for opening bids, a determination will be made by the President and Vice President for Administrative Services to the best qualified bid which meets specifications. All bids, along with the President's and Vice President for Administrative Service's determination of the best qualified bidder, shall be presented to the Board at the next regularly scheduled meeting. The purchase shall be made only after specific Board approval.

The College President will only make emergency expenditures after obtaining board approval.

**Purchasing Computer Equipment, Software, Consulting, Training or Technical Services Hosting (i.e. Cloud)**

The Computer Services Department shall determine uniform standards for the economical, efficient, and coordinated utilizations of computer equipment and software for general college use, which best serves the needs of the College. Competitive bidding and comparative quotations may not be necessary when direct negotiations have already been established for a period not to exceed three (3) years.

All purchases for computer equipment, software, consulting, training, or technical services hosting require approval from the College President or appointed representative and shall be coordinated by the Computer Services Department using the procedures outlined below:

- a. All requests for hardware or software must be approved and reviewed by Computer Services Department.
- b. The Computer Services Department will develop the written specifications and request bids for all purchases which require competitive bidding and comparative quotations according to the **Bidding Procedures** outlined above.

### **Purchasing Art for Public Areas**

Prior to purchasing or placing any art on EWC campuses, specific procedures shall be pre-approved in writing by the Vice President for Administrative Services or designee on a case-by-case basis as determined by the scope and nature of the proposed purchase, including, but not limited to, projects coming under W.S. 16-6-801, "Works of Art in Public Buildings."

**Administrative Rule 6.0.2: Purchasing Banking Services**

*Adopted 10/13/98*

*Reviewed: 1/14/20*

**Administrative Rule 6.0.3: Guidelines for Establishing Long-term Professional Relationships**

*Adopted 2/10/98*

*Revised 11/ 8/ 05(RF), 2/11/14*

*Reviewed: 1/14/20*

Eastern Wyoming College may enter into a contract for professional services for a specified task (e.g., annual financial audit) by the bidding process. However, it is acknowledged that it may not be in the best interests of Eastern Wyoming College or otherwise feasible to request "bids" for the performance of routine professional services that may be required from day to day at the College.

Accordingly, Eastern Wyoming College may enter into long-term professional relationships with various professions when the Board of Trustees determines that it is **in** the best interests of the College to enter into such relationships.

When entering into such relationships, the professional shall clearly set forth the hourly rate at which professional services shall be performed. Such hourly rate shall not be increased without the express written consent of Eastern Wyoming College.

Eastern Wyoming College shall receive a specific account of all services performed and the time spent by the professional performing such hourly services before professional fees are paid.

When the Board of Trustees decides to enter into long-term relationships with professionals, such continued relationship shall be subject to the sole discretion of the Board of Trustees after consultation with the College President.

**Administrative Rule 6.0.4: Awards, Gifts, and Prizes**

*Adopted 2/10/15*

*Reviewed: 1/14/20*

Awards, gifts, and prizes are allowed to the extent the expense is reasonable and necessary to carry out the mission of the College. They may not be lavish or extravagant, and must comply with any funding source restrictions. Proper classification of payments is necessary to differentiate between those considered scholarships, which may be tax-free, and those that are awards, gifts, or prizes, which may be taxable.

**Definitions:**

- a. **Awards:** Cash, gift certificates, or noncash merchandise given for meritorious performance, productivity, or other reasons connected with employment; or for nonemployees, given in recognition of an accomplishment, achievement, or activity that does not require the performance of a service, as well as for other valid business reasons.
- b. **Gifts:** Noncash items of nominal value given to express appreciation or gratitude; not related to job performance and not negotiated in advance.
- c. **Prizes:** Cash or items of value received as a result of a legal game of chance, drawing, or contest of skill, either with or without the purchase of a chance or ticket.

**Awards to Employees**

Awards to employees, including student employees, are an acceptable practice and should generally not exceed \$25 in value. However, the award may only exceed \$25 in value if given as part of an established campus-wide program, or if approved by the President or designee.

In most cases, awards provided to employees will be reported as taxable compensation. This may include staff recognition awards, employee of the month awards, awards to boost employee morale, as well as awards originating with a gift to the College from a third party.

The award must be reported as employee compensation on the employee's Form W-2 and is subject to federal, state, and local withholding, and FICA taxes. Since the award must be recorded through the payroll system, the department presenting the award must notify the payroll office unless the award qualifies for one of the exceptions below:

1. **Certain achievement awards** of tangible property (not cash, gift cards, or gift certificates redeemable for cash) may not be reported as taxable to an employee if they are awarded in a meaningful presentation that emphasizes the purpose of the award. The value of the award funded by the College may not exceed \$400 per year per employee. These awards and additional criteria are as follows:
  - a. A "**length of service**" award is not reported as taxable if it is not granted to an employee more frequently than every 5 years. A retirement gift generally will not be reported as taxable if given as a "length of service" award and does not exceed \$400 per year per employee.

- b. A "**safety award**" of tangible personal property is not reported as taxable so long as the award does not exceed \$400 per year per employee and both of the following conditions are met:
  - It is provided to no more than 10% of eligible employees; and,
  - Managers, administrators, clerical, and professional staff are ineligible for the award.
2. **Noncash, de minimis awards** are not reported as taxable to an employee unless readily convertible into cash. IRS regulations use the example of holiday gifts of property with a low fair market value to define "de minimis." For College purposes, de minimis is defined as having a value less than or equal to \$25. Awards of gift certificates of \$25 or less will not be reported as taxable, unless redeemable for cash.

### **Awards to Nonemployees**

Awards may be given in recognition of past accomplishments or activities as well as for other valid business reasons. Granting/awarding financial aid is not considered an award for purposes of this policy.

Awards to students that are related to academic performance are considered financial aid and, as such are not subject to the provisions of this policy.

Awards given to nonemployees are generally considered reportable as taxable income, regardless of value. Noncash awards to nonemployees that have little intrinsic value (\$25 or less in value), such as medals, trophies, and plaques are not reportable. The College will file a Form 1099-MISC to report the awards when the value of cash and the fair market value of noncash awards to an individual total \$600 or more in a calendar year. The taxpayer identification number (e.g., Social Security Number) must be provided for reporting purposes.

### **Gifts**

To qualify as a gift, there should be no negotiation in advance for the gift. Cash, gift cards, and gift certificates redeemable for cash, are not allowed as gifts. Gifts should be of nominal value, and ideally, bear the College's logo. Gifts of tangible personal property less than or equal to \$25 in value are usually not reportable to the IRS.

- a. Gifts to Employees: In limited circumstances, flowers or other gifts to employees are allowed if approved by the President, or designee, and unrestricted non-operating funds or restricted gift funds approved for that purpose are used. Gifts-including those for birthdays, weddings, showers, and other personal events-are usually not allowable expenditures of College funds. At their discretion, co-workers may contribute personal funds for this purpose.
- b. Gifts to Nonemployees: Noncash gifts of tangible personal property may be presented as a token of appreciation to a donor, dignitary, guest, volunteer, visitor (or in certain circumstances, customer or client) when a valid and documented business purpose exists such as to recognize contributions to the College or to honor a distinguished visitor. Examples are token items given to donors or mugs given to conference attendees.

### **Prizes**

Cash and noncash prizes may be awarded to individuals for participation in legal games of chance or contests of skill for the purposes of fundraising. Games of chance include raffles and drawings. These activities must be pre-approved and conducted under existing policies and administrative rules.

Examples of contests of skill include an essay-writing contest or basketball shooting contest. In certain instances, the purchase of a chance or ticket may be required.

Prizes may be only awarded where benefits are expected to accrue to the College, such as a fundraising event or participation in a student activity. No prize may be awarded to a College employee except where the individual's employment is incidental to the basis in which the prize is awarded. For example, a college employee would be eligible to win a prize awarded at random during an event or for winning an essay writing contest, provided the employee is eligible to participate in the contest.

The department or organization sponsoring the contest must maintain detailed records of all receipts and expenditures associated with the contest, including the winner's name, address, taxpayer identification number (e.g., Social Security Number), amount spent for a chance or ticket (if any), and the value of the prize won. All contests associated with legal games of chance or skill must be conducted in accordance with state law. Federal law requires the College to report prize winnings to the IRS and to the recipient on a calendar year basis. Federal regulations also require that a specific percentage of the winnings must be withheld under certain conditions. Noncash winnings are reported at fair market value. Prizes of \$600 or more that involve the purchase of a chance or ticket are reported on Form W-2G if the winnings are at least 300 times the amount of the chance or ticket. Prizes of \$600 or more that do not involve the purchase of a chance or ticket are reported on a Form 1099-MISC if the recipient is not an employee. Noncash prizes given to employees having a value of \$25 or less that do not involve the purchase of a chance or ticket will be considered de minimis and will not be reported. Prizes awarded to an employee that do not involve the purchase of a chance or ticket are reported on a Form W-2 for cash prizes (including gift cards), or noncash gifts over \$25 value.

- b. Reportable to the IRS and to the recipient on form W-2G if \$600 or more and at least 300 times the amount of the chance or ticket; subject to withholding if the amount of the winnings, less the amount of the chance or ticket, exceeds \$5,000.

**Awards, Gifts, and Prizes to Nonresident Aliens**

Prizes and awards to nonresident aliens are generally subject to 30% federal income tax withholding and reported on an IRS Form 1042-S. You must contact the Business Office before processing cash or noncash awards, gifts, and prizes to persons who are not U.S. citizens or legal permanent residents.

**BOARD POLICY 6.1:     **CONTRACTS AND AGREEMENTS****

*Adopted 10/10/17*

It is the policy of Eastern Wyoming College to establish an orderly process for the approval of all contracts and agreements entered into by the College. All contracts and agreements with a dollar value of \$30,000 or more shall be approved by the Board of Trustees. The Board of Trustees delegates to the President, the authority to enter into contracts and agreements valued at less than \$30,000.

**Administrative Rule 6.1.1:     **Contracts and Agreements Procedures****

*Adopted 10/10/17*

All contracts and agreements shall be reviewed by the appropriate Vice President, the Vice President for Administrative Services, and the College President. Additionally, the College President may ask the Board of Trustees to review multi-year contracts and agreements under the \$30,000 threshold, or those that are significantly outside the scope of Eastern Wyoming College's educational mission or unusual in the opinion of the President.

The College attorney shall review all non-standard contracts and agreements prior to execution. For all contracts and agreements with a dollar value less than \$30,000, the Vice President for Administrative Services shall inform the Board of Trustees of such contracts and agreements at the next regular board meeting.

**Amendments to Contracts and Agreements**

All amendments to contracts and agreements shall be approved by the College President or the Board of Trustees. If these amendments total \$30,000 or more they shall be approved by the Board of Trustees at the next Board meeting. If these contract amendments are less than \$30,000, they may be approved by the Vice President for Administrative Services or the President.

**BOARD POLICY 6.2:     **PAYMENT TO FOREIGN VENDORS****

*Adopted 10/10/17*

Payments to foreign vendors for services (honorarium, consulting, goods and services) are generally subject to additional withholding taxes. The Internal Revenue Code requires the withholding of tax on residents of countries other than the U.S. (non-resident aliens) unless a tax treaty exists. Payments to foreign persons paid U.S. source income must be reported to the payee and IRS on IRS Form 1042-S, Foreign Person's U.S. Source Income Subject to Withholding on an annual basis.

Prior to anyone purchasing any foreign goods or services on behalf of Eastern Wyoming College, please contact the Accounts Payable office before committing College funds. Accounts Payable will request the staff or faculty member obtain a Form W-8BEN from the vendor in addition to other items necessary for these purchases prior to any purchases or agreements to purchase foreign vendor items. For foreign vendors claiming a tax treaty exemption, the staff or faculty member shall obtain **Form 8233** directly from the foreign vendor to exempt them from withholding requirements that apply to compensation for personal services.

**BOARD POLICY 6.3:    **USE OF COLLEGE FACILITIES****

*Adopted 10/14/97*

*Revised 11/ 8/ 05 (RF) (RF), 2/11/14, 6/14/16, 11/14/17*

Eastern Wyoming College encourages the use of its Torrington and Douglas facilities for meetings and events in their six county service area to the fullest extent possible by organizations and individuals outside of college daily activities. The primary use of college facilities and equipment is for Eastern Wyoming College’s academic, program, operational, and foundation activities. However, recognizing the responsibility to the taxpayers that these facilities are intended primarily for educational purposes, and to insure that the facilities are used and enjoyed in such a manner as to prolong the life of college property, this policy will be administered according to the associated administrative rules.

The policy of Eastern Wyoming College is to ensure the following:

- a. College facilities and equipment are not used for commercial enterprise. Using college facilities for commercial enterprise is a misappropriation of public resources and unfair competition with local businesses.
- b. The College may deny the use of facilities or equipment because the use is deemed not in the best interest of the College, goes against public standards, or creates an excessive liability.
- c. Fees are assigned to ensure extenuating costs are covered.
- d. College facilities and equipment are used responsibly to ensure the protection of public assets.
- e. Any group or organization that violates the terms of this policy or the College Facilities Contract shall be prohibited from any future use of the College's facilities or equipment, except upon prior approval of the Vice President for Administrative Services.

**Liability Insurance.** An insurance policy that protects the insured from the risk of liabilities imposed by lawsuits and other similar claims. All non-college groups that meet either of the following criteria must provide proof of organizational, general liability insurance for a minimum of \$1,000,000 that names Eastern Wyoming College, its trustees, officers, employees, and assigns as the insured or additional insured under the policy:

- a. An activity on the University Risk Management and Insurance Association's Tenants and Users Liability Insurance Policy (TULIP) Hazard Class 3 list.
- b. An activity with 35 or more people

The College reserves the right to require additional types of insurance coverage or liability insurance coverage greater than \$1,000,000 if we deem the activity warrants greater prudence. Non -college groups will not be allowed to hold an activity on cam pus that is on the TULIP Exclusion list. Government users that are exempt from indemnification requirements under Wyoming Public Law must provide a letter of liability coverage under the state policy.

**Administrative Rule 6.3.1: Use of College Facilities**

*Adopted 01/25/00*

*Revised 2/11/14, 6/6/16, 11/ 14/ 17*

The following procedures are intended for the smoothest and most efficient operation possible of Eastern Wyoming College's facilities. Community use of the facilities is authorized on a "space available" basis according to the priority use schedule listed below:

- a. Eastern Wyoming College credit classes
- b. Eastern Wyoming College non-credit programs and sponsored activities
- c. Eastern Wyoming College partnership institution credit classes
- d. Eastern Wyoming College and Eastern Wyoming College Foundation operational activities
- e. Eastern Wyoming College student activities
- f. External users (non-Eastern Wyoming College third parties)

EWC also publishes facilities use guidelines for distribution to event sponsors requesting College meeting facilities, and these guidelines are intended to outline College expectations with regard to supervision, control, and safety of participants by event sponsors.

**BUILDINGS, CLASSROOMS, AUDITORIUMS, AND GYMNASIUM**

1. Facility reservations are made through the Information Center for either the Torrington or Douglas Campus. The Information Center is responsible for ensuring compliance to this policy and for reserving rooms, including available office space for EWC staff members. The Information Center works with the faculty, Community Education, and partnership institutions and organizations to determine the required dates for the semester schedule.

The Administrative Specialist for Institutional Effectiveness is responsible for reserving credit, non-credit, and partnership institution credit classes and faculty offices.

All individuals and/or organizations making reservations will sign a contract, agreeing to the rules and charges applicable for the use of Eastern Wyoming College facilities, and provide proof of liability insurance in the required format. *Adopted 8/12/97*

*Revised 11/8/05 (RF) (RF)}, 2/11/14, 5/2/16, 10/10/17{RN}*

**Definition of Computer Resources**

Computer resources includes computer equipment such as laptops, desktops, video projectors, tablets, security equipment, POS equipment, printers, wireless equipment, network cabling and equipment, telephony, and other miscellaneous equipment.

**Goals and Philosophy:**

Eastern Wyoming College is committed to providing a high-quality education for its students. Therefore, the College strives to provide up-to-date equipment and software, as well as access to the Internet. Users have a responsibility in the use of these resources. Access to the Internet is a privilege, not a right. Abuses of this privilege, as well as to computer hardware and software, will not be tolerated. Below are guidelines for proper use of College computing resources and a clarification of what constitutes misuse. Penalties for misuse may include disciplinary action by the College and/or prosecution under state or federal law.

**User Rights and Responsibilities:**

Eastern Wyoming College provides all users with many shared computing resources including full access to the Internet. The State of Wyoming has designated the EWC internet and email lines for academic, administrative, and research use only. Information sent/received/stored on state equipment is the property of the college, and may be reviewed for appropriate use and compliance with these designations. To ensure the integrity of these computer resources, certain guidelines must be followed.

Computer Services will provide all computer users with a network account and initial password. This account is to be considered private, and account owners are responsible for all activity on their accounts. The network account will allow access to required computing resources including application software, research software, printing, e-mail, wireless services, and Internet access. An account will not be issued until the appropriate form has been signed.

This account is a privilege and should be treated properly. Users are expected to keep passwords confidential and change them on a periodic basis to insure the integrity of the account. Any activity considered to be damaging to the institution or to other users may result in the **account being disabled and/or disciplinary/legal action being taken by the college**. Such activity may include, but is not limited to the following:

- a. Sharing of accounts.
- b. Access or attempted access to other accounts.
- c. Physically altering network connections, cabling, or equipment.

- m. Use of college resources for commercial gain.

All Eastern Wyoming College computer users are prohibited from transmitting any material or data which is in violation of any United States or Wyoming State laws or statutes. This includes, but is not limited to, copyrighted materials, threatening and/or obscene materials, materials protected by trade secret, or materials protected by national security laws.

Students and staff may be allowed access and use for non-college work with permission of their supervisor if there is no disruption of college activities, the work is non-profit, and the college is reimbursed for direct expenses (paper, etc.).

Warranties:

Eastern Wyoming College makes no warranties of any kind, whether expressed or implied, for the computer services and resources it provides. Eastern Wyoming College will not take any responsibility for any damages a user suffers, whether to person and/or materials. This includes, but is not limited to, the uploading of computer viruses.

Harassment and Bullying:

The persistent annoyance of another user, including through the use of social media, or the interference with another user's work will not be tolerated. The sending of obscene, profane, or unwanted materials via Eastern Wyoming College computer systems could lead to disciplinary action and/or criminal prosecution.

Wasting Resources:

Every effort should be made to avoid excessive use of computer related resources and supplies.

Hardware and Software:

Campus computer systems have been configured to work properly with the wide variety of resources made available by the College. Changing the system configurations will be considered a violation of Computer Use Procedures and appropriate action will be taken.

The purchase of all computer equipment, software, consulting, training, or technical services hosting will be in accordance with the College Purchasing Policy 6.0 and Administrative Rule 6.0.I.

### **Copyright Infringement:**

#### **Definition of Copyright**

Copyright is the right of an author, artist, composer, or other creator of a work of authorship to control the use of his or her work by others. Protection extends to literary works, musical works, dramatic works, pantomimes and choreographic works, pictorial and graphic works, sculpture, motion pictures and other audiovisual works, sound recordings, and architectural works. Generally speaking, a copyrighted work may not be reproduced by others without the copyright owner's permission. The public display or performance of copyrighted works is similarly restricted.

Eastern Wyoming College encourages all faculty, staff, and students to respect the intellectual property of others through adherence to copyright laws.

#### **Copyright Laws and Technology**

Copyright laws also extend to Peer-to-Peer (P2P) file sharing networks. P2P networks allow files (including, but not limited to music and video files) to be shared among, and stored on, the computers and devices that have access to that network. Though a P2P network itself is not illegal, the content that is shared may include copyrighted material. While using a P2P file sharing (or any file sharing) network - if you share, download, and/or otherwise obtain and use copyrighted material without permission, you can be subject to the civil and criminal penalties stipulated for violating copyright laws (see below). If you perform these actions while using an EWC computer, or while connected to a wired or wireless network affiliated with EWC, you may be subject to additional College penalties and disciplinary action.

Applicable college, civil, and criminal penalties can apply even if the file's copyright was unbeknownst to you. You are still responsible for your interactions and engagement on all P2P and file sharing networks.

Additionally, EWC complies with all laws and cooperates with law enforcement agencies concerning the investigation of copyright infringement that may have allegedly occurred from a campus-based computer or device, or one connected to a wired or wireless computer network affiliated with EWC.

EWC does not actively "police" its wired and wireless networks to discover acts of copyright infringement. The College does reserve the right, however, to monitor the data traffic that passes through its wired and wireless computer networks, and may investigate anomalies from expected levels and patterns of data usage. When anomalous activity is observed, measures will be taken to limit or suspend that activity at that time, and investigative measures may be employed to identify the user involved.

#### **Violations of the Copyright Law can have serious consequences:**

Eastern Wyoming College Disciplinary Action: Copyright infringement can subject a student to disciplinary action under the Student Code of Conduct, since violation of law or College policy is grounds for discipline. First offenses will result in a notice from Computer Services to cease illegal activity. Failure to comply or further incidents of infringement may result in loss of network access for the infringing user or device. Sanctions may include suspension of network access and formal college disciplinary

action, including academic suspension or dismissal. These outcomes might prove harmful to future job prospects or academic pursuits, since many employers and graduate and professional schools require the disclosure of College disciplinary action.

**Civil Liability:** Persons found to have infringed may be held liable for substantial damages and attorney(s) fees. The law entitles a plaintiff to seek statutory damages of \$150,000 for each act of willful infringement.

**Criminal Liability:** Copyright infringement also carries criminal penalties under the federal No Electronic Theft Act. Depending on the number and value of the products exchanged, penalties for a first offense may be as high as three years in prison and a fine of \$250,000.

**Ethics:**

Users should be aware that how they use computer labs, classrooms, and college resources may have an impact on other users. Inappropriate behavior will result in a warning, removal from the classroom or lab, and/or revocation of computer privileges.

**WARNING:** Eastern Wyoming College does not actively filter material that may appear on computer monitors, which may be considered offensive by some. Discretion is advised, especially where children are concerned.

**Library Computers:**

The Library is open to the public as per the Computer Use Guidelines.

2. Personal use of college vehicles is prohibited, other than incidental use while out of town on college business.

6. Where the college provides transportation for activities or programs, students choosing to travel in their own or another student's personal vehicle shall travel at their own risk.

These blanket releases are valid, in lieu of the liability releases described under number 14 as long as the activity or program in question is specifically related to the academic and vocational fields of study or other college programs that require a blanket release from the student as a prerequisite for participation. If the activity or program is not specifically related, then the liability release under number 14 would have to be obtained from the student. The provisions under number 15 would still apply, nonetheless.
18. For activities or programs that do not involve the use of college-provided transportation at no charge to the student, the use of liability releases to protect the college against injury claims shall be determined administratively on a case-by-case basis.

### **BUS USE**

Eastern Wyoming College is committed to provide bus transportation to students in a manner that will protect their health, welfare, and safety. At EWC, we recognize that transportation is an essential part of the school's athletic programs. The following parameters are to be used as guidelines for 32 and 48-passenger buses.

1. Only approved adult College drivers with a CDL Class B Passenger Endorsement License may drive the buses.

2. Approved drivers must also possess a DOT physical card and have it in their possession at all times.
3. If a major medical experience occurs to the driver within the school year, such driver needs to be re-certified with a DOT physical before returning to work.
4. College student trip itineraries and rosters must be provided to Student Services prior to departure.
5. It is the responsibility of the organization sponsoring the trip to contact the Information Center representative to secure a trained and certified driver.

**Administrative Rule 6.7.2:      Vehicle Reservation Requests**

*Adopted 1/14/20*

Reservations for pool cars and vans can be made by EWC employees by filling out the Vehicle Reservation Request Form or by contacting the Information Center at 532-8211. Reservations are made on a first come, first serve basis, and occasionally based upon college business needs. If travel plans are canceled or the vehicle is no longer required, the Information Center should be contacted immediately. Keys to vehicles are available for pick-up from the Information Center at 8:00 a.m. the morning of the trip or the afternoon before if leaving earlier than 8:00 a.m. The vehicle's keys will be issued, along with the appropriate Travel Report which includes mileage, trip reason, budget number and other important trip information. All vehicles will be returned with a full gas tank prior to its return using the UBS Fuel Card provided in the car bag. Please ensure all trash in the vehicle is removed prior to returning the vehicle.

**Administrative Rule 6.7.3:      Accident Procedures**

*Adopted 1/14/20*

In the event of an accident, the following procedures must be followed. If the vehicle is a college vehicle, the driver in the vehicle **MUST** contact the Information Center, regardless of the amount of damage.

1. Obtain any medical attention that is necessary. Any accident that involves personal injury or property damage must be reported to the police.

3. Don't admit fault or liability for the accident.
4. Complete an accident report form, from an official law enforcement officer.
5. Notify the driver's supervisor and the Business Office (ext. 8218) of the accident as soon as possible, even if the accident occurs on campus.
6. The college's insurance company may contact you to obtain accident information. Please respond as promptly as possible.
7. Information and records regarding accidents will be maintained by the Business Office.
  - a. Other considerations when involved in a vehicle accident:  
Be courteous.

**Post-accident review**

Once a determination as to cause and preventability is established, findings and recommendations will be forwarded to Human Resources and the vehicle operator's supervisors (for employees) or Student Services (for Students) for any corrective action (e.g. temporary or permanent denial of college driving privileges, required attendance at additional training program, etc.).

**BOARD POLICY 6.8:     **PROCUREMENT CARD POLICY****

*Adopted 7/17/02*

*Revised 11/8/05(RF), 12/ 11/ 07, 2/11/14, 10/10/17 (RN), 10/10/19*

Eastern Wyoming College assigns widely accepted, procurement cards to trustees, administrators, faculty, and staff members who travel frequently. The procurement cards (P-cards) are made available primarily to facilitate travel by providing an easy method of paying expenses while traveling on college business.

Procurement cardholders are representatives of the College; therefore, cardholders must always consider the procurement card objectives and follow the policies and procedures of the College when making purchase decisions. All purchases should be made in the best interest of Eastern Wyoming College and the cardholder's department.

Cardholders and Budget Managers are responsible for their own actions and cannot claim that they were ignorant of EWC purchasing procedures. Purchase(s) using the college procurement card must be for the use and benefit of the College, therefore **personal purchases** of any nature are **NOT** allowed under any conditions or circumstances. Utilizing the EWC tax exempt status or leveraging its purchasing power for personal gain is not lawful and jeopardizes the P- card program. Cardholders must not receive any personal gain from use of the card.

**Administrative Rule 6.8.1:     **Procurement Card Request Process and Use Procedures****

*Adopted 7/17 /02*

*Revised 11/8/05(RF), 2/ 11/14, 10/10/17(RN), 9/24/18, 10/10/19*

Requests for P-cards can be made to supervisors. Trustees, administrators, faculty, and staff members requesting issuance of a college procurement card must attend P-card training prior to receiving their card . Each cardholder will signify their understanding of the procurement card process by signing a statement that states that they have received training and are aware of the administrative rules and policy regarding P-card use.

The purchases of items using public funds for personal use is prohibited; therefore, personal purchases are not allowed on the college procurement card. An individual cannot reimburse the College for such purchases. If a personal purchase is made (inadvertently or otherwise) on the P-card, it is the cardholder's responsibility to obtain a credit from the vendor and make payment with another means. This correction should be done as quickly as feasibly possible, and the Budget Manager/Supervisor must be notified immediately. Except ions need to be approved by the Vice President for Administrative Services.

Procurement cards may be utilized by college employees and trustees mentioned above, under the following circumstances:

1. For travel expenses when such expenses directly concern and relate to college business. Such expenses include, but are not limited to: meals, transportation, registration fees, and lodging costs.
  - a. A college P-card shall never be used for personal purchases or for the purchase of alcoholic beverages while t raveling on college business.

- b. A college procurement card shall never be used for cash advances, motel/hotel movies, mini bar, or personal valet services. Valet services include, but are not limited to, shoe shining, assistance with parking vehicles, laundry services, spa services, concierge services, tours, and baggage services. Exceptions may be granted for valid employee ADA accommodations.
2. College supplies or services may be purchased with a college P-card if the use of a voucher is not possible or highly impractical (i.e., a vendor will not accept a college purchase order AND the goods or services offered by the vendor are not available at a demonstrated better price from another vendor), and the employee has secured the required supervisor authority prior to such purchase.
- a. Purchases of supplies or services with a college procurement card are subject to all applicable college purchasing policies and procedures.
  - b. Required supervisor authority is defined under #6 below.

The President shall authorize employee positions to hold a college procurement card, which will be reviewed periodically. A cardholder may not authorize other employees to use his/her assigned card. The Board of Trustees may authorize the use of P-cards by trustees for travel purposes. Requests to temporarily raise the credit limit for a particular assigned card shall be made to the Vice President for Administrative Services and shall not be requested through direct contact with the procurement card company. The President must approve employee requests for a permanent credit limit increase.

A lost or stolen college P-card shall be reported immediately to the procurement card company, the President, and the Vice President for Administrative Services. The same applies if an unauthorized party has been using the P-card. The Business Office Director shall be notified if the Vice President is not on campus or otherwise available.

P-cards shall be revoked at the discretion of the President, if an employee consistently fails to follow Board policy and procedures regarding P-card use.

This policy does not apply to the gasoline credit cards that are checked out with motor pool vehicles.

Itemized receipts must be attached to the P-card charge slip. This includes detailed motel/hotel bills and gas receipts. Meals may be charged to a motel/hotel bill. Likewise, when purchasing supplies or services with a college P-card, an itemized receipt from the vendor must be obtained. The receipt should provide detailed information showing full description and cost of each item.

3. If an alcoholic beverage is purchased during a meal, the employee or trustee shall pay for such alcoholic beverage with cash, a personal check, or a personal credit P-card, under a separate ticket. Under most circumstances, a college employee or trustee shall not be allowed to purchase alcoholic beverages with college funds. However, see Board Policy 2.15.

4. Expenses for meals can only be authorized if the college employee or trustee attaches an itemized statement/ticket/receipt. A tip, not to exceed twenty percent (20%), may be added to the bill by the meal provider (restaurants in certain geographic locales automatically add tips to the bill, which may exceed the 20% limit).
5. Itemized receipts and related P-card charge slips shall be turned into the Business Office, attached to the monthly statement that reports the charges. In order to avoid financing charges, this should be done as soon as possible after receipt of the monthly statement to allow time for the Business Office to process the payment. All charges on the monthly statement shall be coded to a proper, general ledger budget number.
  - a. All statements are available to all cardholders online once the cardholder properly registers and signs into their online account.
  - b. All cardholders are responsible to monitor their card activities throughout the month and contact the Vice President for Administrative Services in advance of any travel/purchases that may exceed their credit limit.
6. For employees, a single purchase of non-travel related items (supplies or services) less than \$1,000, requires the approval of an immediate supervisor. Current purchasing limits and procedures still apply.

A single purchase of non-travel related items (supplies or services) of \$1,000 or more requires the approval of both the immediate supervisor and the supervisor's supervisor.

7. When placing an order by telephone or fax, an assigned order number shall be immediately acquired from the vendor, as well as a faxed copy of the invoice that shows cost information. When placing an order through the Internet, an assigned order number shall be acquired, as well as either a printed on-line invoice or an e-mailed invoice. The invoice must contain cost information.
8. College employees or trustees shall ensure receipt of goods, services, and/or materials and shall follow-up with the vendor to resolve any delivery problems, discrepancies, and/or damaged goods. All supplies or materials shall be immediately inspected upon receipt. If there is a problem with the order, the merchant shall be contacted and notes on problems and their resolution should be kept, including names, dates and conversation results.
9. Cards should NEVER be used at local vendors where EWC has established accounts. EWC has established accounts at most, if not all, local vendors. Established accounts have pre-verified tax-free status and billing arrangements.
10. A missing receipt slip is used when cardholder does not have appropriate receipt. This should be a rare occasion and not commonplace.
11. If cardholder is taking a class that was approved for Professional Development credit, cardholder should not use their own card to authorize payment of the class. Payment should be authorized by supervisor/supervisor's card only.

12. EWC is exempt from sales tax within the State of Wyoming. Therefore, cardholders should never pay sales tax on purchases made within or delivered to, Wyoming. Cardholders should always have in their possession a tax exempt form (available on the **M:** drive) that can be given to the vendor to verify tax exempt status.

**Administrative Rule 6.8.2: Procurement Card Ethics**

*Revised: 10/10/19*

EWC employees and trustees are subject to the laws and policies which impact all public employees. Employees are not to show favoritism to particular vendors or providers of services or share one vendor's quotes with another. The acceptance of gifts and gratuities of value from outside interests such as vendors is illegal. When in doubt about the acceptance of gifts that may be considered customary, remember, the best guideline is **DO NOT ACCEPT ANYTHING OF VALUE FROM A VENDOR.**

**Conflict of Interest**

A conflict of interest occurs when an employee either:

1. Has an existing or potential financial or other interest which impairs, or might appear to impair, the employee's independent judgment in the discharge of responsibilities to the College or,
2. May receive a material, financial or other benefit from knowledge or information confidential to the College.

**Card Misuse and Sanctions Card**

Misuse and failure to adhere to the requirements of the P-Card program has serious consequences. The cardholder understands that his/her improper use of the EWC procurement card may be cause for disciplinary action by the College, including termination, and that improper use of the procurement card may subject the cardholder to criminal prosecution. Misuse is broadly defined as using the card in violation of college policies and procedures as well as the P-Card program requirements.

Examples of misuse of the procurement card include, but are not limited to:

1. Using the procurement card for personal purchases or for purchases that are not authorized by the College.
2. Using the procurement card to purchase any goods or services that violate policies or procedures of the College, including those items listed as specific exclusions for the procurement card, or which violate any law or regulation to which the College must adhere.
3. Splitting a transaction to circumvent the transaction limit authorized for the cardholder's card.
4. Using multiple cards to circumvent the transaction limit authorized for the cardholder's card.
5. Failing to provide required purchasing documentation in a timely manner.
6. Failing to provide information about any specific purchase.
7. Giving the cardholder's P-card to another individual to use for a purchase. Occasionally, a person may be authorized to use another cardholder's card. The cardholder may make transactions on behalf of others in his/her college, department or division, however the cardholder is responsible for the business validity of the use of his/her card.

## **Reporting Misuse of the Procurement Card**

All P-Card program participants, including but not limited to the: president, vice-presidents, deans, directors, cardholders and budget managers are required to know and follow procurement card policies. Program participants also need to be aware of program misuses and consequences associated with these misuses. A department vice president, dean or director, budget manager and the Vice President for Administrative Services may review all transactions in order to identify possible misuse of the card. The review should be conducted each statement period and prior to submitting the final paperwork to the Business Office. By signing the P-card statement, the Budget Manager is acknowledging that all transactions were made appropriately and that no misuse has occurred. The Business Office shall notify the Budget Manager when it appears that misuse has occurred. Cardholders and Budget Managers are solely responsible for their own actions and cannot claim that they were ignorant of the rules or someone else in their department or the College insisted that they bend the rules. Prohibited purchases and card misuse are outlined throughout the procedures manual and reviewed during training sessions completed by all cardholders and support staff.

## **Consequences and Accountability**

When it has been found that misuse may have occurred or that the requirements of the Procurement Card Manual are not being followed, the Budget Manager shall notify the Vice President for Administrative Services of such issues. The Vice President for Administrative Services will review the information to determine the best course of action in conjunction with the problems outlined below.

### **Frequent problems associated with the program processes may include, but are not limited to:**

1. Failure to provide a detailed receipt.
2. Failure to enter an authorized and complete budget string.
3. Failure to obtain written approval when purchasing for others.
4. Failure to complete the month-end processes on time.
5. Failure to ensure that the P-card statement and receipts match and contain only authorized purchases.

### **Consequences for misuse may include, but are not limited to:**

1. Written notification of misuse sent to department head and cardholder
2. The Vice President of Finance and Administrative Services or the President reserves the right to suspend or cancel cards at any time.
3. Termination of employment
4. Criminal prosecution

**BOARD POLICY 6.9:      INVESTMENT POLICY**

*Adopted 6/10/03*

*Revised 11/8/05(RF), 2/11/14, 10/10/11 (RN)*

Eastern Wyoming College shall invest its cash so as to maximize the return within established parameters of fiscal prudence, liquidity, fairness to vendors, and safety of principal. The College shall conduct all investing activities in accordance with its own policy and administrative rules, and in compliance with all applicable statutes of the State of Wyoming.

**Administrative Rule 6.9.1:      Investment Procedures**

*Adopted 6/10/03*

*Revised 11/8/05(RF), 2/11/14, 10/10/11 (RN)*

Eastern Wyoming College (EWC) has adopted an investment policy that provides management with flexibility to enhance revenue through short-term, local investment opportunities. Investment earnings generated by the investment of excess cash resources are a vital revenue component to EWC. A minimum threshold level of earnings must be maintained in order to fully fund existing programs for the budget year. Earnings that are greater than the established minimum are available to enhance operating budgets, upon approval by the EWC Board of Trustees. Therefore, a successful investment program is important, as it benefits not only sustainability, but growth.

Eastern Wyoming College may only purchase those investments that comply with Wyoming Statutes (see W.S. 9-4-831). Further, the EWC Board of Trustees must pre-approve each investment type except for certificates of deposits/time deposits, which have already been approved) and financial Entity employed in the investment of College funds.

Eastern Wyoming College may only invest in those investment types that are listed in current Wyoming Statutes and have been approved by the EWC Board of Trustees. As of July 30, 2013, approved investment types are:

1. United States treasury bills, notes or bonds, including stripped principal or interest obligations of such issuances, or any other obligation or security issued by the United States treasury or any other obligation guaranteed as to principal and interest by the United States.

4. Mortgage-backed securities that are obligations of or guaranteed or insured issues of the United States, its agencies, instrumentalities, or organizations created by an act of congress, excluding those defined as high risk. High risk mortgage-backed securities are defined as any security which meets either of the following criteria:
  - a. Is rated V-6 or higher by Fitch Investors Service or at an equivalent rating by another nationally recognized rating service; or,
  - b. Is defined as a high risk mortgage security under Section III of the Supervisory Policy Concerning Selection of Securities Dealers and Unsuitable Investment Practices, as amended by the Federal Financial Institutions Examination Council, as created under 12 U.S.C. 3301, et seq., or its successor.
5. Banker's acceptances of United States banks eligible for purchase by the Federal Reserve System.
6. Guaranteed investment contracts, if issued and guaranteed by a United States commercial bank or a United States insurance company. The credit quality of the issuer and guarantor shall be the highest category of A.M. Best, Moody's, or Standard and Poor's rating service. The contract shall provide the governmental entity a non-penalized right of withdrawal of the investment if the credit quality of the investment is downgraded.

For the purpose of purchasing certificates of deposits or time deposits under (8.) and (9.) above, the Securities Dealer Certification Form is not required of banks that have been approved as a depository of EWC public funds.

Competitive bidding among participating authorized depositories offering time deposits for the highest possible yield under substantially equal risk levels is encouraged and shall be used when management can reasonably commit excess cash resources to an investment program for a predetermined length of time. However, the length of time should not generally exceed 120 days. It is allowable to roll the investment over for an additional 30 days without re-bidding.

**Administrative Rule 6.10.2: Identity Theft Prevention Program**

*Adopted 4/14/09*

*Revised 2/11/14, 10/10/11 (RN)*

Eastern Wyoming College ("College") developed an Identity Theft Prevention Program ("Program") pursuant to the Federal Trade Commission's ("FTC") Red Flags Rule, which implements Section 114 of the Fair and Accurate Credit Transactions Act of 2003. The Program was developed after considering the size and complexity of the College's operations and account systems, and the nature and scope of the College's activities.

The program must contain reasonable policies and procedures to:

- a. Identify relevant red flags for new and existing covered accounts and incorporate those red flags into the Program;
- b. Detect red flags that have been incorporated into the Program;
- c. Respond appropriately to any red flags that are detected to prevent and mitigate identity theft; and
- d. Ensure the Program is updated periodically to reflect changes in risks to students or to the safety and soundness of the student from identity theft.

**PROGRAM ADMINISTRATION**

**Oversight**

Responsibility for developing, implementing and updating the Program lies with a designated EWC Identity Theft Prevention Committee ("Committee") for the College. The Committee is headed by a Program Administrator who is the Vice President for Administrative Services or his or her appointee. Three or more individuals from Business Services, Student Services and College Relations appointed by the Program Administrator comprise the remainder of the Committee membership. The Program Administrator will be responsible for ensuring appropriate training of College Staff on the Program, for reviewing any staff reports regarding the detection of red flags and the steps for preventing and mitigating identity theft, determining which steps of prevention and mitigation should be taken in particular circumstances and considering periodic changes to the Program.

**Staff Training and Reports**

College staff responsible for implementing the Program shall be trained either by or under the direction of the Program Administrator in the detection of red flags and the responsive steps to be taken when a red flag is detected. College staff shall be trained, as necessary, to effectively implement the Program. College employees are expected to notify the Program Administrator once they become aware of an incident of identity theft or of the College's failure to comply with this Program. At least annually or as otherwise requested by the Program Administrator, College staff responsible for development, implementation, and administration of the Program shall report to the Program Administrator on compliance with this Program. The report should address such issues as effectiveness of the policies and

procedures in addressing the risk of identity theft in connection with the opening and maintenance of covered accounts, service provider arrangements, significant incidents involving identity theft and management's response, and recommendations for changes to the Program.

### **Service Provider Arrangements**

In the event the College engages a service provider to perform an activity in connection with one or more covered accounts, the College will take the following steps to ensure the service provider performs its activity in accordance with reasonable policies and procedures designed to detect, prevent and mitigate the risk of identity theft:

- a. Require that the service providers have such policies and procedures in place; and
- b. Require that service providers review the College's Program and report any red flags to the Program Administrator or the College employee with primary oversight of the service provider relationship.

### **Non-disclosure of Specific Practices**

For the effectiveness of this Identity Prevention Program, knowledge about specific red flag identification, detection, mitigation, and prevention practices may need to be limited to the Committee who developed this Program and to other employees on a need to know basis. Any documents that may have been produced or are produced in order to develop or implement this program that list or describe such specific practices and the information those documents contain are considered "confidential" and should not be shared with other Eastern Wyoming College employees or the public. The Program Administrator shall inform the Committee and those employees with a need to know the information on those documents or specific practices which should be maintained in a confidential manner.

### **Program Updates**

The Committee will periodically review and update this Program to reflect changes in risks to students and the soundness of the College from identity theft. In doing so, the Committee will consider the College's experiences with identity theft situations, changes in identity theft methods, changes in identity theft detection and prevention methods, and changes in the College's business arrangements with other entities. After considering these factors, the Program Administrator will determine whether changes to the Program are warranted.

**BOARD POLICY 6.11: ANIMALS OR PETS ON CAMPUS POLICY**

*Revised 2/11/14, 10/10/17{RN}, 11/14/17*

In order to ensure the safety of students, community members, and employees, and to maintain and promote sanitary conditions, authorized animals or pets, whether on campus grounds or authorized to be in campus buildings, must be appropriately restrained and controlled.
