## N' BALANCE SPRING

**Instructor: Melanie Herring, North Platte Physical Therapy**

One third of community-residing adults aged 65 and older suffer a fall each year. Falls are the leading cause of injury-related deaths in older adults. N' Balance is a class that takes a practical approach to balance exercises, focusing on parts of the body and how they influence balance. N' Balance will focus on training the three systems that affect balance: somatosensory, visual, and vestibular. Participants will learn exercises that will challenge the somatosensory, visual, and vestibular systems because as people age they become more sedentary, which results in decreased use of these systems causing decreased strength and activity levels. This class meets 2 times a week for 1 hour sessions, with one additional session for baseline testing before beginning the class activities. Join this class and become more active and confident in the community and home while possibly expanding your social life. Pre-registration is required, no drop-ins. Paid registration deadline:

## About Wyoming Works

The Wyoming Works Program began as Senate File 122 (SF122) in Wyoming's 65th Legislature. After passing both the House and Senate in February 2019, it was signed by Governor Gordon as Senate Enrolled Act 78 (SEA78). The legislation includes a \$5 million appropriation; \$3 million of which will be used for individual student grants, and the balance will support program development. Allocation details will be managed by the Wyoming Community College Commission, as these monies will be distributed among all seven Wyoming community colleges.

Annual Wyoming Works grant availability (for approved programs that span more than one year) is subject to the Wyoming Legislature's appropriation process and is contingent on the Commission issuing a grant allocation for approved programs at the college.

**Note:** Additional programs, which will also qualify for Wyoming Works grants, are under development. Please check back or inquire with Academic Services regarding new programs.

# EWC CONCURRENT & DUAL ENROLLMENT CLASSES AT

LINGLE-FT. LARAMIE HIGH SCHOOL/NIORBARA COUNTY HIGH SCHOOL/SOUTHEAST HIGH SCHOOL/TORRINGTON HIGH SCHOOL

Wyoming believes in its young people and proves it by offering qualified high school students a chance to take college classes for FREE. Concurrent and Dual Enrollment classes are offered through Eastern Wyoming College. These classes count for both high school and college credit. Concurrent Enrollment courses are taught by EWC approved high school teachers at Lingle-Ft. Laramie High School, Niobrara County High School, Southeast High School and Torrington High School. Dual Enrollment courses are college courses taught by EWC and are taught at Lingle-Ft. Laramie High School, Niobrara County High School, Southeast High School and Torrington High School.

- Students get a chance to try out college classes and earn credits toward a two year or four year degree or career/technical certificate.
- If students apply themselves, they could earn a degree or certificate by the time they graduate from high school.
- Students will discover this program is a two-for-one deal: classes count for both high school graduation and college credit.
- Students will be challenged through rigorous college classes while getting a running start at college.
- If a student is a senior, they will avoid "senioritis" by taking relevant classes and starting a college degree or certificate program.
- Students will save money when they go to college because they will not have to stay as long or pay for as many classes. And, the Hathaway Scholarship dollars will stretch further.

Students can enroll in classes at Lingle-Ft. Laramie High School, Niobrara County High School, Southeast High School and Torrington High School if they are eligible and have met course requirements. For more information, students need to contact the EWC Coordinator or high school counselor.

Parents and students can also contact Kim Russell at Eastern Wyoming College – Torrington for more information (307.532.8280)
