#### **Absent:**

Members:

### **1. Call Meeting to Order**

Chairman VanMark called the meeting to order at 6:04 pm.

### **2. Approval of the Agenda**

Chairman Van Mark called for a motion to approve the Agenda. After discussion regarding item 8.5 on the Agenda it was decided that 8.5 should be come 12.1 with 12.2 added to declare a vacancy will exist on the Board of Trustees.

Chairman VanMark called for approval of the Agenda with 12.1 and 12.2 being added as discussed

Moved by: Bob Baumgartner; seconded by: Katherine Patrick

**Motion carried with 12.1 and 12.2 being added to the agenda**

### **3. Approval of the Minutes as Presented**

The minutes were approved as presented to the Board

### **4. Introductions**

None

### **5. Public Comment**

None

### **6. Administrative Reports**

#### **President's Report**

Dr. Hawes began with having Vice President of Administrative Services Patrick Korell give an update on Campus Infrastructure & Facilities

- Gym & Fitness Center: Reconstruction of the gym roof is underway with a two-week completion target. The Fitness Center is temporarily closed (approx. 10 working days).
- Damage Recovery: Significant water damage to the gym floor is being assessed. While

insurance has issued an initial payment, the college is pursuing additional claims for full remediation.

- Douglas Campus: Construction remains on schedule and on budget, with steel and siding installation progressing.
- HVAC Upgrades: a \$7.2 million funding request for HVAC renewal (Tebet, Fine Arts, and Activity Center) is currently under state review.

Dr. Hawes introduced a document outlining the Board of Trustees Vacancy Replacement Protocol, developed in conjunction with Trustee and Chair VanMark, legal counsel, VP Korell and Lynda Dean. The protocol ensures compliance with state law and proper procedures for filling a vacancy on the Board of Trustees.

Dr. Hawes provided an update on the college's fiscal planning and leadership transition.

Key Points:

- Leadership Transition: Following the departure of former CFO Kwin Wilkes, Interim CFO Ron Laher is overseeing financial operations. CPA Cheryl Heath has been engaged to conduct a comprehensive financial evaluation and assist with high-level budgetary duties.
- FY 2027 Budget Book: Ms. Heath is collaborating with Interim CFO Laher and VP Korell to finalize the Budget Book. This document is on schedule for presentation at the July Board meeting.
- Strategic Alignment: The upcoming Board work session will be extended to allow Ms. Heath to demonstrate the direct alignment between financial planning and the college's vision, mission, and institutional goals.
- Institutional Goals: Dr. Hawes confirmed that the Office of the President's goals and broader college-wide objectives will be presented in tandem with the budget process to ensure fiscal resources support strategic priorities.

## Financial Report

Vice President Patrick Korell presented an overview of the college's financial status as of March 31, 2026, highlighting performance through the third quarter of the fiscal year.

Key Points:

- The college is currently approaching 90% of its projected revenues and expenditures for the fiscal year. Housing revenue remains a specific area of focus and is being closely monitored.
- VP Korell noted that the current report covers the first three quarters. Interim CFO Ron Lair is finalizing the April report, and the Board can expect a comprehensive update including both April and May data at the next meeting.
- Approximately \$290,000 in outstanding account balances was identified, dating back to Summer 2022. This backlog was attributed in part to delays in collection efforts following the HCM2 system transition. To resolve these aging accounts, the college will engage a professional collection agency operating under the Fair Debt Collection Act.
- Advisor Willox requested that future budget presentations include a more transparent and detailed breakdown of income and expenses specific to the Douglas Campus. VP Korell confirmed that the administration is considering the establishment of org consolidation

and adding fund stream Categories. This move would allow for precise profit-and-loss evaluations by both program and location.

The Board engaged in an in-depth discussion regarding the college's current fiscal infrastructure and the transition toward modernized accounting standards.

- VP Korell addressed historical discrepancies between the budgeting and accounting systems, which previously led to misassigned expenditures. The administration is currently working to reassign these expenditures to the correct accounts to ensure data integrity.
- VP Korell characterized accounting as a blend of "art and science," noting that different valid philosophies—specifically regarding reserve calculations and Composite Financial Index (CFI) formulas—can impact financial reporting. The college currently operates under a mixed system of legacy accounts and NACUBO (National Association of College and University Business Officers) standards.
- Dr. Hawes informed the Board that a formal recommendation for a "future-state" accounting model is forthcoming. This will be informed by CPA Cheryl Heath's ongoing evaluation and the input of the incoming permanent CFO. The administration is working toward program-level and county-level P&L reporting for the Board.

Certification of Uncollectable Debts.pdf

Chairman VanMark called for a motion to approve and Certify the Uncollectable Debt as presented.

- Trustee Sittner asked about the accounting treatment for bad debt write-offs.
- VP Korell explained that the write-off removes the amount from accounts receivable and cancels it on the other side in the Colleague system, meaning it is no longer considered part of the college's financial position.

Moved by: Katherine Patrick; seconded by: Bob Baumgartner

**Motion Carried**

8.2 **Approval for Public Hearing of intention to continue the levy of one-half (1/2) mill for BOCES within Eastern Wyoming Community College District**

**9. Department Reports**

9.1 **Update on the Construction Trades Project:  
Converse County Advisor: Jim Willox**

Advisor Willox provided a status report on the Douglas Campus construction trades project, noting consistent progress.

- Significant visual progress was noted with the installation of additional red steel and siding. The project remains both on schedule and within the established

budget.

- There has been no damage to the structure from wind or debris. The "signed beam" is now visible..
- Change orders have been minimal, limited to minor adjustments such as fire hydrant and door relocations, and updated signage.
- The first EDA reimbursement request is pending the receipt of necessary paperwork from the EDA.
- The next report will include mandatory Davis-Bacon compliance reporting.

## **10. Trustee Topics**

### **10.1 The Board of Trustees to formally recognize and celebrate the tenure of Trustee Randy Adams.**

Multiple board members and Dr. Hawes expressed gratitude and recognition for Trustee Randy Adams' seven years of service on the board.

- Trustee Katherine Patrick expressed her thanks and noted Adams' importance to the board.
- Trustee Rick Vonberg echoed appreciation and recognized the work done at recent college events.
- Trustee Bob Baumgartner noted a long personal history with Adams, from Little League baseball to the board.
- Trustee Kurt Sittner thanked Adams and noted the board should be aware of the risk of other institutions recruiting successful coaches following national championship wins.
- Trustee Doug Mercer expressed appreciation for the long working relationship.
- Dr. Hawes praised Adams' professionalism and commitment to the community.
- Chairman Jackie VanMark highlighted the importance of local governance and thanked Adams for his service and informal mentorship over the years.
- Trustee Randy Adams expressed his confidence in the board's future.

TO: Eastern Wyoming College  
FROM: Goshen County Fair Association

DATE: 5-28-26

Dear Eastern Wyoming College:

As we prepare for the 26-27 Academic year, the County Fair Association will continue to make necessary facility improvements. We recognize that with the growth of the Rodeo program, the need for scheduled practice time will certainly increase. Our staff will work diligently with Coach Peterson and we will continue to work through the day to day scheduling fluctuation determined by student athlete schedules and the weather. We are appreciative of every opportunity to serve Eastern Wyoming College and we look forward to the growth and success of the EWC Rodeo program.

The contract remains the same process this year, as the Fair Association will invoice Eastern Wyoming College on a monthly basis with actual costs for services.

If you have questions, concerns or comments please contact me anytime.

Sincerely;

Stephanie Bumguardner

## Eastern Wyoming College Board Report

**Board Report Number:** BR # 106

**Date:** June 9, 2026

**APPROVAL OR RATIFICATION:** Approval to authorize the Eastern Wyoming College Rodeo Club to purchase or lease practice livestock for training purposes, in an amount not to exceed **\$100,000.00**. To support the ongoing competitive excellence and rigorous training schedule of the EWC Rodeo Team, the Rodeo Club requires consistent access to quality practice livestock. This authorization establishes an expenditure ceiling of \$100,000.00 for the acquisition or leasing of stock for the upcoming training cycles.

There is no impact on the College's Unrestricted General Operating Fund. This purchase will be funded entirely utilizing **Rodeo Club Funds**.

**REPORT:** This request is submitted pursuant to the discussions held during General Session 6.1.

**RECOMMENDATION:** The College President recommends approval to authorize the Rodeo Club practice livestock expenditure not to exceed \$100,000.00.

**Dear Bo Baumgartner,**

Congratulations! It is my great honor to recognize you as the **Next Generation in Trucking Student of the Month**. This award celebrates your **hard work, dedication, and leadership qualities** that set you apart as an outstanding student.

You were nominated by **your teacher**, who spoke highly of your achievements and the positive impact you make in the classroom. Their belief in you highlights the difference you are making not only in your own learning journey but also in your school community.

Enclosed, you will find your **Student of the Month plaque** — a recognition of your achievement that we hope will remind you of the bright future ahead. Your teacher will also receive a plaque to display in the classroom, honoring your success as an inspiration to your peers.

At the Next Generation in Trucking Association, we believe that **students like you are the future of our industry and our communities**. We encourage you to keep pursuing your goals with the same passion and determination that earned you this award.

We are proud to celebrate you and wish you continued success in all that you do.

With warm congratulations,

Lindsey Trent

**SUBJECT:** Registrar's Office Annual Review: Cleaning Up Processes Serving Students/Alumni, Staff and Faculty

## **Executive Summary**

Over the past year, the Registrar's Office has focused on making our processes simpler, clearer, and more consistent for our students while ensuring Eastern Wyoming College is protected from regulatory and audit risks. Working hand-in-hand with our Admissions, Financial Aid, and the Business Office, we have identified areas where legacy practices left room for confusion.

By cleaning up our catalog rules, introducing smarter technology, and working across departmental lines, we have removed unnecessary hurdles for our students and protected them from unexpected surprises. This report provides a practical breakdown of what we have accomplished this year and what is coming in the 2026–2027 Academic Catalog.

## **I. Major Operational Achievements & Technological Innovations**

We have rolled out several major initiatives this year to make sure our office runs efficiently and serves our community well:

- **Proactive Graduation Evaluations:** Instead of waiting until the end of a student's final term, we now pre-screen degree evaluations a full semester before graduation. This helps catch missing requirements early, keeps registration accurate, and prevents last-minute graduation delays.
- **Pioneering Wyoming's First Reverse Transfer Initiative:** In a first-of-its-kind partnership with the University of Wyoming and AcademyOne, EWC is now leading the state in credit mobility. This pathway allows former Lancers who transferred to UW before finishing their Associate Degree to bring those university credits back to EWC and graduate with their credential at no extra cost.
- **Ellucian Smart Plan Launch:** This spring, we deployed the Smart Plan platform. It gives our students and advisors a real-time visual map for degree planning, registration, and academic advising, making the path to graduation more transparent.
- **Pipeline Automation:** We are currently automating the entry and activation process for our undergraduate and high school dual/concurrent enrollment students. This removes manual data entry bottlenecks and allows students to get registered quicker.
- **Records Security & Document Modernization:** We managed a multi-departmental space realignment to improve the physical security and accessibility of our permanent academic records. Additionally, we updated our unofficial transcript template to make it more professional, and continue to work toward making it easier for students to read.

## **II. Enrollment Status & Registration Mechanics**

A major goal this year was replacing confusing rules with clear, common-sense timelines. According to the American Association of Collegiate Registrars and Admissions Officers (AACRAO), clear registration and withdrawal deadlines are critical to preventing "transcript debt"—which occurs when a student stays enrolled in a class they aren't attending and ends up with a failing grade and a bill they can't pay.

- **Clean Week-Based Add/Drop Timelines:** We moved away from an arbitrary "eight class days" rule to a straightforward, week-based structure. This creates consistency and predictability for students, staff and faculty.
- **Updated Refund Tables:** We updated our institutional refund tables to align directly with these new timelines. This provides transparency for families and minimizes the risk of payment defaults or complicated federal Title IV aid recalculations (Return to Title IV) that can catch the college and the student off guard.
- **Mandatory Faculty Roster Certification:** We have a firm requirement for faculty to verify student attendance during the first week of class. Students who have never attended are administratively dropped. This keeps us strictly aligned with federal financial aid rules and protects "no-show" students from racking up debt for classes they never actually took.
- **Tightening Incomplete (X) Grades:** We know that letting Incomplete grades linger indefinitely hurts student persistence. We have formalized the process: an Incomplete requires a specific written contract filed by the grade deadline, and the work must be finished within one semester. For students planning to graduate, the work must be completed within four weeks of the subsequent term, or graduation is deferred.

### III. Academic Standing & Progress

We revised several academic policies to keep our expectations fair while protecting our institutional standards:

- **Academic Amnesty Revisions:** We updated our Academic Renewal policy to match regional best practices. It is now allowed to a maximum of two prior semesters, requires a five-year absence from EWC before a student can petition, and requires approval from the Academic Appeals Committee. This gives returning adult learners a genuine second chance while maintaining the integrity of our historical records.
- **Course Repetition Limits:** Students are now limited to a maximum of three attempts per course. If a student wants to repeat a course they already passed with a 'C' or better, they must get formal academic approval. This keeps our course seats available for students who need them to progress and keeps students on track to graduate while allowing them to do better when needed.
- **Credit Overload Safeguards:** We adjusted the maximum standard semester load to 19 hours. Limited high-credit programs allow up to 22 credits with an advisor's check and a 2.5 GPA.
- **Fairness in Academic Probation:** We removed an old rule that automatically stripped a student of their right to file an Academic Reinstatement if they missed a mandatory probation training session. This ensures every student receives fair due process while maintaining strict academic standing expectations.

## IV. Credentials, Records, and Collaborative Revenue

- **Standardized Graduation Application Deadlines:** We formalized graduation application deadlines to the last business day of the first month of the graduating semester (January for Spring, August for Fall).
- **Improved Fee Tracking:** Made updates to ensure course, program, and graduation application fees are tracked and charged as fees rather than courses. This ensures proper stewardship of institutional funds.
- **Corporate Verification Micro-Revenue:** We automated transcript requests and created a transparent fee structure. Notably, we implemented *Degree Verify* through the National Student Clearinghouse. Background-check and corporate entities requesting degree verifications are now charged a fee, creating a steady, small stream of micro-revenue for the college without adding any cost burden to our students.

## V. Alignment with Best Practices and Higher Ed Standards

While EWC data tracking is undergoing continuous internal improvement, our policy updates directly reflect nationwide data published by AACRAO and the **National Student Clearinghouse**:

1. **Preventing the "Incomplete Drop-Out Trap":** National longitudinal studies show that community college students who carry an Incomplete grade past one semester are 60% less likely to ever complete that course, frequently resulting in total institutional withdrawal. Forcing a one-semester resolution directly drives completion.
2. **Protecting Our Dual-Enrollment Pipeline:** The Wyoming Legislature has consistently emphasized expanding dual and concurrent enrollment access while maintaining clear academic standards. Automating our high school onboarding pipelines and clarifying readmission timelines ensures our local high school partners can navigate EWC courses seamlessly without running into manual bureaucratic delays.
3. **Inter-Departmental Stewardship:** By coordinating our refund tables and roster certifications, we are actively preventing institutional defaults, ensuring responsible fiscal management, and building a more supportive campus community.
